

Cytokinetics to Participate in Upcoming Investor Conferences

June 1, 2023 8:00 PM EDT

SOUTH SAN FRANCISCO, Calif., June 01, 2023 (GLOBE NEWSWIRE) -- Cytokinetics, Incorporated (Nasdaq: CYTK) today announced that the company is scheduled to participate in the following investor conferences:

- **Jefferies Healthcare Conference:** Robert I. Blum, President and Chief Executive Officer, and Andrew Callos, Executive Vice President and Chief Commercial Officer, will participate in a fireside chat on Thursday, June 8, 2023 at 9:30 AM Eastern Time at the Marriott Marquis in New York, NY.
- **Goldman Sachs 44th Annual Global Healthcare Conference:** Robert I. Blum, President and Chief Executive Officer, and Fady I. Malik, Executive Vice President of Research & Development, will participate in a fireside chat on Monday, June 12, 2023 at 1:20 PM Pacific Time at the Waldorf Astoria Monarch Beach Resort & Club in Dana Point, CA.

Interested parties may access the live webcasts of the fireside chats by visiting the Investors & Media section of the Cytokinetics website at <http://www.cytokinetics.com>. The webcast replay will be archived on the Cytokinetics website for 90 days following the conclusion of the event.

About Cytokinetics

Cytokinetics is a late-stage, specialty cardiovascular biopharmaceutical company focused on discovering, developing and commercializing first-in-class muscle activators and next-in-class muscle inhibitors as potential treatments for debilitating diseases in which cardiac muscle performance is compromised. As a leader in muscle biology and the mechanics of muscle performance, the company is developing small molecule drug candidates specifically engineered to impact myocardial muscle function and contractility. *Aficamten* is a next-in-class cardiac myosin inhibitor, currently the subject of SEQUOIA-HCM, the Phase 3 clinical trial of *aficamten* in patients with symptomatic obstructive hypertrophic cardiomyopathy (HCM). *Aficamten* is also being evaluated in non-obstructive HCM and the company plans to begin a Phase 3 trial later this year. Cytokinetics is also developing *omecamtiv mecarbil*, a cardiac muscle activator in patients with heart failure. Additionally, Cytokinetics is developing CK-3828136 (CK-136), a cardiac troponin activator for the potential treatment HFREF and other types of heart failure, such as right ventricular failure, resulting from impaired cardiac contractility, as well as CK-4021586 (CK-586), a cardiac myosin inhibitor with a mechanism of action distinct from *aficamten*. In 2023, Cytokinetics is celebrating its 25-year history of pioneering innovation in muscle biology and related pharmacology focused to diseases of muscle dysfunction and conditions of muscle weakness.

Forward-Looking Statements

This press release contains forward-looking statements for purposes of the Private Securities Litigation Reform Act of 1995 (the "Act"). Cytokinetics disclaims any intent or obligation to update these forward-looking statements and claims the protection of the Act's Safe Harbor for forward-looking statements. Examples of such statements include, but are not limited to, statements relating to Cytokinetics' and its partners' research and development activities of Cytokinetics' product candidates, including the potential commencement of a Phase 3 clinical trial of *aficamten* in patients with nonobstructive hypertrophic cardiomyopathy in 2023. Such statements are based on management's current expectations, but actual results may differ materially due to various risks and uncertainties, including, but not limited to the risks related to Cytokinetics' business outlined in Cytokinetics' filings with the Securities and Exchange Commission. Forward-looking statements are not guarantees of future performance, and Cytokinetics' actual results of operations, financial condition and liquidity, and the development of the industry in which it operates, may differ materially from the forward-looking statements contained in this press release. Any forward-looking statements that Cytokinetics makes in this press release speak only as of the date of this press release. Cytokinetics assumes no obligation to update its forward-looking statements whether as a result of new information, future events or otherwise, after the date of this press release.
