Any stockholder may also grant a proxy to vote shares by telephone by calling 1-800-690-6903 and following the recorded instructions.

For Shares Registered in the Name of a Broker, Bank or Other Agent

Most beneficial owners whose stock is held in street name receive instructions for granting proxies from their banks, brokers or other agents, rather than our proxy card.

A number of brokers and banks are participating in a program provided through Broadridge Financial Solutions that offers the means to grant proxies to vote shares via telephone and the internet. If your shares are held in an account with a broker or bank participating in the Broadridge Financial Solutions program, you may grant a proxy to vote those shares telephonically by calling the telephone number shown on the instruction form received from your broker or bank, or via the internet at Broadridge Financial Solutions' website at proxyvote.com. If you are unable to vote by proxy, please contact your broker or bank for instructions on how to vote.

General Information for All Shares Voted via the Internet or by Telephone

Votes submitted via the internet or by telephone must be received by 11:59 p.m. Eastern Time on May 14, 2024. Submitting your proxy via the internet or by telephone will not affect your right to vote in person should you decide to attend the Annual Meeting.

Quorum; Withhold Votes; Abstentions; Broker Non-Votes

Votes cast by proxy or in person at the Annual Meeting ("Votes Cast") will be tabulated by the Inspector. The Inspector will also determine whether a quorum is present. For the election of directors, Proposal 1, the two directors receiving the most "FOR" votes will be elected; "WITHHOLD" and broker non-votes will have no effect on the outcome of the vote. With respect to Proposals 2, 3, and 4, such proposals will be approved if a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the applicable proposal vote "FOR" that proposal; votes to "ABSTAIN" on Proposals 2, 3, and 4 will have the same effect as votes "AGAINST," and broker non-votes will have no effect on any of the proposals. Pursuant to our bylaws, a quorum will be present if stockholders holding at least a majority of shares entitled to vote at the Annual Meeting are present in person or represented by proxy at the Annual Meeting. Under our bylaws, if a quorum is not present or represented at the meeting, then either (i) the chairperson of the meeting, or (ii) the stockholders entitled to vote at the meeting, present in person or represented by proxy, shall have the power to adjourn the meeting from time to time, without notice other than announcement at the meeting, until a quorum is present or represented. At such adjourned meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the meeting as originally noticed.

The Inspector will treat shares that are voted "WITHHOLD" or "ABSTAIN" as being present and entitled to vote for purposes of determining the presence of a quorum. When proxies are properly dated, executed and returned, or if instructions are properly carried out for internet or telephone voting, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the stockholder's instructions. If no specific instructions are given, the shares will be voted (i) "FOR" the election of both of the nominees for directors set forth herein; (ii) "FOR" the approval of the amendment and restatement of the Amended and Restated 2015 Employee Stock Purchase Plan to increase the number of authorized shares reserved for issuance thereunder

by 300,000 shares of Common Stock; (iii) "FOR" the ratification of Ernst & Young LLP as independent registered public auditors for the year ending December 31, 2024; and (iv) "FOR" approval, on an advisory basis, of the compensation of the named executive officers; and upon such other business as may properly come before the Annual Meeting or any adjournment thereof, at the discretion of the proxy holder.

Discretionary items are proposals considered routine under the rules of the New York Stock Exchange on which your broker, bank or other agent may vote shares held in street name in the absence of your voting instructions. Non-discretionary items are matters that may substantially affect the rights or privileges of stockholders, such as mergers, stockholder proposals, elections of directors (even if not contested) and executive compensation, including the advisory stockholder vote on executive compensation, and the proposal to amend and restate the Amended and Restated 2015 Employee Stock Purchase Plan. When there is at least one discretionary matter on which your broker, bank votes or other agent votes, on non-discretionary items for which you do not give your broker or bank instructions, the shares will be treated as broker non-votes. Accordingly, your broker, bank or agent may not vote your shares on Proposals 1, 2 or 4 without your instructions, but may vote your shares on Proposal 3. Broker non-votes will be counted towards the quorum requirement. We believe that the tabulation procedures to be followed by the Inspector are consistent with the general statutory requirements in Delaware concerning voting of shares and determination of a quorum.

Abstentions and broker non-votes will be counted towards the quorum requirement.

Deadline for Receipt of Stockholder Proposals and Director Nominations

To be considered for inclusion in next year's proxy materials pursuant to Rule 14a-8 of the Securities Exchange Act of 1934, as amended, your proposal must be received in writing by December 9, 2024 at Cytokinetics, Incorporated, 350 Oyster Point Blvd., South San Francisco, California 94080, Attention: Corporate Secretary; provided, however, that if our 2025 annual meeting of stockholders is held before April 15, 2025 or after June 14, 2025, then the deadline will be a reasonable time prior to the time that we make our proxy materials available to our stockholders, either online or in printed form.

If you wish to submit a proposal or a director nomination at the 2025 annual meeting of stockholders that is not to be included in next year's proxy statement pursuant to Rule 14a-8 of the Securities Exchange Act of 1934, as amended your proposal or nomination must be received in writing by December 9, 2024 at Cytokinetics, Incorporated, 350 Oyster Point Blvd., South San Francisco, California 94080, Attention: Corporate Secretary, provided, however, that if our 2025 annual meeting of stockholders is held before April 15, 2025 or after June 14, 2025, your notice must be so received not later than the close of business on the later of the 120th calendar day prior to our 2025 annual meeting of stockholders and the 10th calendar day following the date on which public announcement of the date of our 2025 annual meeting of stockholders is first made.

Please refer to our bylaws for additional information and requirements regarding stockholder proposals and director nominations. We will not consider any proposal or nomination that is not timely or otherwise does not meet our bylaws and the SEC's requirements for submitting a proposal or nomination, as applicable. We reserve the right to reject, rule out of order or take other appropriate action with respect to any proposal or nomination that does not comply with these and any other applicable requirements.

Results of the Voting at the Annual Meeting

Preliminary voting results will be announced at the Annual Meeting. Results will be published in a current report on Form 8-K that we expect to file within four business days after the date of the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the Annual Meeting, we will file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

Election of Two Class II Directors

Nominees

Our Board of Directors currently has ten members. We have a classified Board of Directors, which is divided into three classes of directors whose terms expire at different times. Vacancies on the Board of Directors may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board of Directors to fill a vacancy in a class, including vacancies created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director's successor is duly elected and qualified, or, if sooner, until the director's death, resignation or removal.

There are currently three directors in Class II, Robert I. Blum, Robert A. Harrington, M.D., and Sandford D. Smith, all of whose terms of office are set to expire at the Annual Meeting. The Nominating and Governance Committee recommended, and the Board of Directors nominated, Mr. Blum and Dr. Harrington for re-election to our Board of Directors at the Annual Meeting, but the Nominating and Governance Committee did not recommend, and the Board of Directors did not nominate, Mr. Smith for re-election. The Board of Directors, upon the recommendation of the Nominating and Governance Committee, approved a reduction in the number of directors constituting the full Board of Directors from ten to nine, effective immediately prior to the Annual Meeting. Accordingly, there are only two nominees for director at the Annual Meeting and proxies cannot be voted for a greater number of individuals than the two nominees named above. Biographical information for both of our nominees for director can be found below in the Board of Directors section. Both nominees listed are currently directors of the Company and Mr. Blum was previously elected by the stockholders. Dr. Harrington was elected by our Board of Directors, upon the recommendation of our Nominating and Governance Committee, in 2022 to fill a vacant seat. Dr. Harrington was first recommended to the Nominating and Governance Committee as a director candidate by our chief executive officer. If elected at the Annual Meeting, both of our nominees would serve for a three-year term ending upon the earlier of: (1) such nominee's successor being elected and qualified at the Company's 2027 annual meeting of stockholders or upon the adjournment of such meeting if there is no successor as a result of a decrease in the number of authorized directors, and (2) such nominee's death, resignation or removal. Unless otherwise instructed, the proxy holders will vote the proxies received by them for each of Mr. Blum and Dr. Harrington. There are no arrangements or understandings between any director or executive officer and any other person pursuant to which he or she is or was to be selected as a director or officer of the Company.

Both of the nominees have consented to be named as nominees in the Proxy Statement and to continue to serve as directors if elected. If either nominee becomes unable or declines to serve as a director, shares that would have been voted for that nominee will instead be voted for the election of a substitute nominee proposed by the Board of Directors, if such a substitute nominee is designated by the Board of Directors.

Director Resignation Policy

Although directors will be elected by a plurality of the votes of the shares present or represented by proxy at the Annual Meeting and entitled to vote on this Proposal 1, pursuant to our director resignation policy, if any nominee for director in this election receives a greater number of votes "WITHHOLD" from such nominee than votes "FOR", the nominee for director must tender his resignation for consideration by the Nominating and Governance Committee. The Nominating and Governance Committee shall consider all relevant facts and circumstances and recommend to our Board of Directors the action to be taken with respect to such offer of resignation. The Board of Directors will then act on the Nominating and Governance Committee's recommendation. Promptly following the Board of Directors' decision, we will disclose that decision and an explanation of such decision in a filing with the United States Securities and Exchange Commission (the "SEC") and a press release.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ELECTION OF ROBERT I. BLUM AND ROBERT A. HARRINGTON AS CLASS II DIRECTORS.

Approval of the Amendment and Restatement of the Company's Amended and Restated 2015 Employee Stock Purchase Plan to Increase the Number of Authorized Shares Reserved for Issuance thereunder by 300,000 Shares of Common Stock.

We are asking our stockholders to approve the amendment and restatement of the Company's Amended and Restated 2015 Employee Stock Purchase Plan (the "2015 ESPP"), which increases the number of authorized shares of common stock to be reserved for issuance thereunder by 300,000 shares from 1,159,879 to 1,459,879. On February 29, 2024, our Board of Directors approved the amendment and restatement of the 2015 ESPP and the additional shares to be effective upon approval from our stockholders at the Annual Meeting.

The Company currently sponsors the 2015 ESPP, which was approved by our stockholders in May 2015. An amendment and restatement of the 2015 ESPP to increase the number of shares of Common Stock available for issuance therefrom by 500,000 shares of Common Stock was approved by the Stockholders in May 2020.

We believe that continuing to offer an employee stock purchase plan provides a valuable benefit and incentive to our employees and enables us to offer competitive benefits to attract and retain the highly skilled individuals in the extremely competitive labor markets in which we compete for talent. As a result, we wish to continue to offer an employee stock purchase plan to our employees. Our Board of Directors has determined that continuation of the employee stock purchase plan by the approval of the amendment and restatement of the 2015 ESPP is in the best interest of the Company and its stockholders. Therefore, we request your approval of an additional share reserve of 300,000 shares of Common Stock to be available under the 2015 ESPP by approving the amendment and restatement of the 2015 ESPP.

Description of the Amended and Restated 2015 Employee Stock Purchase Plan

The following summary outlines the principal features of the amended and restated 2015 ESPP and its terms of operation. The amended and restated 2015 ESPP, as approved by the Board of Directors and subject to stockholder approval as described in this Proposal Two, is set forth in its entirety as Appendix A to this Proxy Statement. The following summary is qualified in its entirety by reference to Appendix A.

Purpose

The purpose of the 2015 ESPP is to provide eligible employees of the Company with the opportunity to purchase shares of our Common Stock (generally at a discount) through payroll deductions. The 2015 ESPP is intended to qualify as an employee stock purchase plan under Section 423(b) of the Internal Revenue Code of 1986, as amended (the "Code").

Eligibility to Participate

Employees are eligible to participate in the 2015 ESPP if their customary employment with the Company is more than 20 hours per week and more than five months per calendar year, or pursuant to such other criteria as the Board of Directors may determine consistent with Section 423 of the Code. An employee may not be granted rights to purchase stock under our 2015 ESPP if such employee (i) immediately after the grant would own stock possessing 5% or more of the total combined voting power or value of our Common Stock, or (ii) holds rights to purchase stock under our Amended and Restated 2015 ESPP that would accrue at a rate that exceeds \$25,000 worth of our Common Stock in any fiscal year. Directors who are not employees of the Company are not eligible to participate in the 2015 ESPP.

As of April 1, 2024, approximately 417 employees were eligible to participate in the 2015 ESPP. The closing market price for a share of our Common Stock as of April 1, 2024 was \$73.02 per share, and the number of outstanding shares of Common Stock was 104,773,959.

Administration, Amendment and Termination

The Board of Directors or a committee of the members of the Board of Directors (collectively referred to as the “Administrator”) administers the 2015 ESPP. The Board of Directors has delegated administration of the 2015 ESPP to the Compensation and Talent Committee of the Board of Directors (the “Compensation and Talent Committee”). The Administrator has full and exclusive discretionary authority to construe, interpret and apply the terms of the 2015 ESPP, to determine eligibility and adjudicate claims under the plan and to establish the procedures that it deems necessary for the administration of the plan. The Administrator may delegate one or more of its duties in the administration of the 2015 ESPP. Decisions made by the Administrator (or its designee) will, to the full extent permitted by law, be final and binding upon all parties. The Administrator generally may amend or terminate the 2015 ESPP at any time and for any reason. However, certain amendments that may adversely affect the rights of any participant may not be made without consent. The Company shall obtain stockholder approval of any amendments to the extent required by applicable law.

The Amended and Restated 2015 ESPP will continue in effect until it is terminated by the Administrator.

Number of Shares of Stock Available Under the Amended and Restated 2015 Employee Stock Purchase Plan

Upon approval of this Proposal Two, a total of 1,459,879 shares of our Common Stock will be authorized for issuance under the amended and restated 2015 ESPP. In the event of certain capitalization adjustments (as defined in the 2015 ESPP), the Administrator will (i) adjust the number of shares of stock reserved for issuance, (ii) adjust the purchase price per share and the number of shares covered by each outstanding purchase right under the 2015 ESPP which has not yet been exercised, and (iii) adjust the number of shares a participant is permitted to purchase during a purchase period.

If the total number of shares of our Common Stock to be purchased pursuant to outstanding purchase rights on any particular date exceeds either (i) the number of shares that were available for sale under the 2015 ESPP on the enrollment date of the applicable offering period (the “Offering Date”) or (ii) the number of shares then available for issuance under the 2015 ESPP on the dates during the relevant offering period established by the Board of Directors on which purchase rights will be exercised and as of which purchases of shares of Common Stock will be carried out in accordance with such offering (the “Purchase Date”), then the Company shall make a pro rata allocation of the shares available for purchase on such Offering Date or Purchase Date, as applicable, unless otherwise provided by the Administrator.

Offering Period and Purchase Rights

Shares of our Common Stock are offered under the 2015 ESPP pursuant to “offering periods” typically lasting in length six months and such offering periods may be consecutive or overlapping. The Administrator may change the duration of an offering period in its sole discretion. Each offering period will consist of a series of one or more successive purchase periods.

Under the 2015 ESPP, our Board of Directors has the discretion to set offering periods of up to 27 months, but nonetheless, generally expects to approve offering periods of about six months in duration with two non-overlapping, separate offerings to begin in a calendar year.

Purchase of Shares

On the Purchase Date, we will use the payroll deductions credited to each participating employee's account to purchase shares of Common Stock for such employee's account. The purchase price of the shares purchased on behalf of each participant on each Purchase Date will be not less than 85% of the lower of the fair market value of a share of our Common Stock on (i) the first day of the offering period and (ii) the Purchase Date. The fair market value under the 2015 ESPP generally means the closing sales price for our Common Stock on the NASDAQ Global Select Market system for the day in question. As soon as administratively practicable after each Purchase Date, we will deliver to the participant the shares of stock purchased upon exercise of his or her purchase right in the form determined by the Administrator.

Withdrawal Rights and Termination of Employment

A participant may withdraw from the 2015 ESPP at any time, and, as promptly as practicable following such withdrawal, all the accumulated payroll deductions credited to the participant's account will be refunded, without interest, and the participant's purchase right for the offering period will automatically terminate and no further payroll deductions will be made. Upon the participant's cessation of employment or loss of eligible employee status, the participant will be deemed to have elected to withdraw from the 2015 ESPP and all payroll deductions will automatically cease and all payroll deductions credited to the participant's account but not yet used to purchase shares under the 2015 ESPP will be refunded to the participant (or the participant's beneficiary or estate, if applicable), without interest.

Transferability

Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of a purchase right or to receive shares of Common Stock under the 2015 ESPP may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution, or pursuant to a valid beneficiary designation in accordance with the terms of the 2015 ESPP) by the participant.

Change in Control

In the event of a specified corporate transaction, such as a merger or sale of all or substantially all our assets, a successor corporation may assume, continue, or substitute each outstanding purchase right. If the successor corporation does not assume, continue, or substitute for the outstanding purchase rights, the offering in progress will be shortened and the participants' accumulated contributions will be used to purchase shares prior to the effective date of the corporate transaction.

Number of Shares Purchased by Certain Individuals and Groups

Given that the number of shares of our Common Stock that may be purchased under the 2015 ESPP is determined, in part, on the fair market value of a share of our Common Stock on the first and last day of the enrollment period and given that each employee's participation in the 2015 ESPP is voluntary, the actual number of shares that may be purchased by any individual is not determinable. For illustrative purposes, the following table sets forth the number of shares of our Common Stock that were purchased during fiscal year 2023 under the 2015 ESPP, and the average price per share purchase price paid for such shares.

NAME OF INDIVIDUAL OR GROUP	NUMBER OF SHARES PURCHASED IN 2023	AVERAGE PER SHARE PURCHASE PRICE

Federal Income Tax Consequences

The following is a summary of the principal United States federal income taxation consequences to participants and us with respect to participation in the 2015 ESPP. This summary is not intended to be exhaustive and does not discuss the income tax laws of any local, state or foreign jurisdiction in which a participant may reside. The information is based upon current federal income tax rules and therefore is subject to change when those rules change. The 2015 ESPP is not qualified under the provisions of Section 401(a) of the Code and is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended.

Because the tax consequences to a participant may depend on their particular situation, each participant should consult their tax adviser regarding the federal, state, local and other tax consequences of the grant or exercise of a purchase right or the disposition of stock acquired under the 2015 ESPP. A participant generally will not have taxable income when the shares of our Common Stock are purchased for them on the applicable Purchase Date, but generally will have taxable income when they sell or otherwise dispose of shares purchased. For shares of our Common Stock that the participant does not dispose of until more than 24 months after the applicable Offering Date and more than 12 months after the Purchase Date (the "Holding Period"), any gain up to the amount of the discount (if any) from the fair market value of the shares on the Offering Date (or re-enrollment date) is taxed as ordinary income. Any additional gain above that amount is taxed at long-term capital gain rates. If, after the Holding Period, the participant sells the shares of stock for less than the purchase price, the difference is a long-term capital loss. Shares of stock sold within the Holding Period are taxed at ordinary income rates on the amount of discount received from the share's fair market value on the Purchase Date. Any additional gain (or loss) is taxed to the participant as long-term or short-term capital gain (or loss). The Purchase Date begins the period for determining whether the gain (or loss) is short-term or long-term.

[TABLE OF CONTENTS](#)

We may deduct for federal income tax purposes an amount equal to the ordinary income the participant must recognize when disposing of shares purchased under the 2015 ESPP within the Holding Period. We may not deduct any amount for shares disposed of after the Holding Period.

Summary

We believe that the approval of the amended and restated 2015 ESPP and the increase of 300,000 shares of our Common Stock to the 2015 ESPP's share reserve are essential to our continued success. We expect the 2015 ESPP to continue to constitute an important incentive for our employees and to help us to attract, retain and motivate people whose skills and performance are critical to our success. Our employees are one of our most valuable assets.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THIS PROPOSAL 2 TO APPROVE THE AMENDMENT AND RESTATEMENT OF THE COMPANY'S AMENDED AND RESTATED 2015 EMPLOYEE STOCK PURCHASE PLAN TO INCREASE THE NUMBER OF AUTHORIZED SHARES TO BE RESERVED FOR ISSUANCE THEREUNDER BY 300,000 SHARES OF COMMON STOCK.

Ratification of the Appointment of Ernst & Young LLP as our Independent Registered Public Accounting Firm for the Fiscal Year Ending December 31, 2024

The Audit Committee of the Board of Directors (the “Audit Committee”) has appointed Ernst & Young LLP (“EY”) as our independent registered public accounting firm for the fiscal year ending December 31, 2024, and recommends that the stockholders vote for ratification of such appointment. Although action by stockholders is not required by law, the Board of Directors has determined that it is desirable to request ratification of this appointment by the stockholders. Notwithstanding the selection or ratification, the Audit Committee, in its discretion, may appoint a new independent registered public accounting firm at any time during the year, if the Audit Committee determines that such a change would be in our best interest.

We expect a representative of EY will be present at the Annual Meeting, will be afforded the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions. EY has served as our independent registered public accounting firm since March 21, 2018.

Independent Registered Public Accounting Firm Services and Fees

Current Principal Accountant Fees and Services

The following table summarizes EY fees incurred for 2023 and 2022.

	YEARS ENDED DECEMBER 31,	
	2023	2022
Audit Fees	\$ 1,810,837	\$ 1,818,650
Audit-Related Fees	—	—
Tax Fees	—	140,000
All Other Fees	5,200	—
Total Fees	\$ 1,816,037	\$ 1,958,650

Audit fees include fees for audit services primarily related to the integrated audit of our annual consolidated financial statements and our internal control over financial reporting as required by Section 404(b) of the Sarbanes-Oxley Act of 2002; the review of our quarterly and annual consolidated financial statements; comfort letters, consents and assistance with and review of documents relating to our securities offerings and other accounting and financial reporting consultation and research work billed as audit fees or necessary to comply with the standards of the Public Company Accounting Oversight Board (“PCAOB”). Tax fees include fees for R&D tax study work and tax compliance on employee tax matters. The Audit Committee pre-approved all services provided by EY and determined that the provision of services was compatible with maintaining auditor independence.

Pre-Approval Policies and Procedures

The Audit Committee has a policy and procedures for the pre-approval of audit and non-audit services rendered by our independent registered public accounting firm, EY. The policy generally pre-approves specified services in the defined categories of audit services, audit-related services and tax services up to specified amounts. Pre-approval may also be given as part of the Audit Committee's approval of the scope of the engagement of the independent auditor or on an individual, explicit, case-by-case basis before the independent auditor is engaged to provide each service. The pre-approval of services may be delegated to one or more of the Audit Committee's members, but the decision must be reported to the full Audit Committee at its next scheduled meeting.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE *FOR* RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2024.

Advisory Proposal on Executive Compensation

The Compensation and Talent Committee of the Board of Directors (the “Compensation and Talent Committee”) has adopted a standing policy that we solicit a non-binding advisory vote on the compensation of our named executive officers, commonly referred to as a “say-on-pay vote,” every year. In accordance with that policy, this year, we are again asking the stockholders to approve, on an advisory basis, the compensation our named executive officers as disclosed in this Proxy Statement in accordance with SEC rules.

This vote is not intended to address any specific item of compensation, but rather the overall 2023 compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. The compensation of our named executive officers subject to the vote is disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related narrative disclosure contained in this Proxy Statement. As discussed in those disclosures, we believe that our compensation policies and decisions provide competitive and internally-equitable compensation and benefits that reflect Company performance, job complexity and strategic value of the position while seeking to ensure individual long-term retention and motivation and alignment with the long-term interests of our stockholders. We believe the compensation program for our executives has helped us retain a team capable of managing and enabling us to advance our research and development programs and our other corporate objectives.

We are asking our stockholders to indicate their support for our named executive officer compensation as described in this Proxy Statement. Accordingly, we are asking our stockholders to vote “FOR” the following resolution at the Annual Meeting:

“RESOLVED, that the Company’s stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company’s Proxy Statement for the 2024 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the related compensation tables and the narrative disclosure to those tables in the Proxy Statement.”

The results of this advisory vote are not binding upon us. However, the Compensation and Talent Committee values the opinions expressed by stockholders in their vote, and will consider the outcome of the vote in deciding whether any actions are necessary to address concerns raised by the vote and when making future compensation decisions for named executive officers. The next scheduled “say on pay” vote will be at our 2025 annual meeting of stockholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ADVISORY PROPOSAL ON EXECUTIVE COMPENSATION.

Board of Directors

Our Board of Directors is composed of individuals whose knowledge, background, experience and judgment we believe to be valuable to us. The primary functions of our Board of Directors are to:

- Review and approve our strategic direction and annual operating plan and monitor our performance;
- Evaluate the President and Chief Executive Officer (“CEO”);
- Review management performance and compensation;
- Review management succession planning;
- Advise and counsel management;
- Monitor and manage potential conflicts of interests of management, members of the Board of Directors and stockholders;
- Oversee the integrity of financial information; and
- Monitor the effectiveness of the governance practices under which the Board of Directors operates and make changes as needed.

We do not have a formal diversity policy for selecting Board of Directors members. However, we believe it is important that the members of our Board of Directors collectively bring the experiences and skills appropriate to effectively carry out the Board of Directors’ responsibilities both as our business exists today and as we plan to develop an organization capable of successfully conducting late-stage clinical development and commercialization of our products. We therefore seek as members of our Board of Directors individuals with a variety of perspectives and the expertise and ability to provide advice and oversight in one or more of these areas: accounting controls, business strategy, risk management, strategic partnering, financial strategies, legal and regulatory compliance and compensation and retention practices.

Board of Directors Leadership Structure

The Board of Directors may select, at its discretion, a Chairman. The Board of Directors’ current policy is that the roles of the Chairman of the Board of Directors and CEO should be held by different individuals, except in unusual circumstances as determined by the Board of Directors. In cases where the Board of Directors determines it is in the best interests of the Company’s stockholders to combine the positions of Chairman and CEO or to otherwise designate a Chairman who is not an independent director, the Board of Directors shall appoint a lead independent director. The Board of Directors believes that its current leadership structure, with Mr. Blum serving as CEO and Dr. Henderson serving as Chairman, is appropriate for us at this time. Both leaders are actively engaged in significant matters affecting us, such as our long-term strategy. The CEO has overall responsibility for all aspects of our operations, while the Chairman has a greater focus on governance, including oversight of the Board of Directors. We believe this balance of shared leadership between the two positions is a strength for us.

Board of Directors Role in Risk Oversight

The role of our Board of Directors is to oversee the CEO and other senior management in the competent, lawful and ethical operation of the Company, including management’s establishment and implementation of appropriate practices and policies with respect to areas of potentially significant risk to us. Management routinely reports to the Board of Directors regarding any potential areas of significant risk. These reports include discussions of current and new areas of potential operational, legal or financial risk and status reports on risk mitigation programs undertaken by us. The Board of Directors as a whole is responsible for such risk oversight but administers certain of its risk oversight functions through its committees, such as the Audit Committee, the Compensation and Talent Committee, the Nominating and Governance Committee and the Compliance Committee of the Board of Directors (the “Compliance Committee”).

The Audit Committee is responsible for the oversight of our accounting and financial reporting processes, including our internal control systems. In addition, the Audit Committee oversees and reviews our financially related risk management practices, including our investment policy, and cybersecurity and related policies.

As part of the of the Compensation and Talent Committee's risk oversight function, it considers whether our compensation policies and practices for our employees create risks that are reasonably likely to have a material adverse effect on us. In conducting this evaluation, the Compensation and Talent Committee has reviewed our current practices and procedures for awarding cash and equity compensation to employees through the annual performance review process, particularly as such practices and procedures apply to the establishment of the goals that are taken into consideration in the payment of bonuses. The Compensation and Talent Committee has determined that these practices do not encourage inappropriate risk-taking. In particular, because we are a development-stage company with no commercial sales, the Compensation and Talent Committee has concluded that our employees are not incentivized to take inappropriate risks to meet short-term goals. Further, the Compensation and Talent Committee believes that there is sufficient Board of Director oversight of our processes for compensation determinations to avoid the establishment of incentives that are materially adverse to our interests. Accordingly, the Compensation and Talent Committee has determined that our compensation policies at this time do not create risks that are reasonably likely to have a material adverse effect on us.

The Nominating and Governance Committee oversees the risks associated with our corporate governance and operating practices, including those relating to the composition of our Board of Directors, the structure and function of our Board of Directors committees and meeting logistics and policies. The Nominating and Governance Committee regularly reviews issues and developments relating to corporate governance and formulates and recommends corporate governance standards to the Board of Directors.

The Compliance Committee oversees risks and activities in the area of compliance that may impact our business operations or public image, in light of the applicable legal and regulatory requirements, government and industry standards, as well as business trends and public policy considerations. As part of the Compliance Committee's risk oversight function, it assesses our implementation of our compliance program.

Independence of Directors

The Board of Directors has affirmatively determined that each of our directors is independent as defined under the Nasdaq Listing Rules and applicable regulations and provisions under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), except for Mr. Blum, our President and Chief Executive Officer, who is not independent by virtue of his employment with us. In making this determination, the Board of Directors found that none of these directors or nominees for director had a material or other disqualifying relationship with the Company.

Directors Commitments; Board Responsiveness

Our Board of Directors believes that all directors should have sufficient time and attention to devote to board duties and to otherwise fulfill the responsibilities required of directors. In assessing whether directors and nominees for director have sufficient time and attention to devote to board duties, the Nominating and Governance Committee considers, among other things, whether directors may be "overboarded," which refers to the situation where a director serves on an excessive number of public company boards. Our Corporate Governance Guidelines also require that directors inform the Chairman of the Board of Directors and our CEO prior to accepting an invitation to serve on any additional corporate boards.

Our Board of Directors believes that each of our directors, including both of our director nominees, has demonstrated the ability to devote sufficient time and attention to board duties and to otherwise fulfill the responsibilities required of directors. However, we understand that certain institutional investors and proxy advisory firms may deem Dr. Kaye overboarded based on the number of public company boards on which he serves. In addition to our Board of Directors, Dr. Kaye serves on the boards of directors of two other public companies: Avidity Biosciences and Stoke Therapeutics, where he also serves as Chief Executive Officer. At our 2023 Annual Meeting of Stockholders, although Dr. Kaye was re-elected to the Board with a greater than a majority of votes cast, approximately 38% of votes cast for his re-election were withheld. In response to the withhold vote on Dr. Kaye's election, our Board of Directors recently amended its Corporate Governance Guidelines to prohibit members of our Board of Directors from serving on more than five public company boards of directors generally, provided that if a member of our Board of Directors is also the chief executive officer of a public company, then such director is prohibited from serving on more than three public company boards of directors. Our Board of Directors believes that this amendment to our Corporate Governance Guidelines is appropriate in the circumstances and that imposing specific limits on board seats is responsive to the vote on Dr. Kaye's election at our 2023 Annual Meeting of Stockholders.

Board of Directors Meetings and Committees

Our Board of Directors held thirteen meetings during the last fiscal year. Each of the directors serving during the last fiscal year attended at least 75% of the aggregate number of meetings of the Board of Directors and the committees of the Board of Directors upon which such director served during his or her tenure.

We do not have formal policies regarding attendance by members of the Board of Directors at our annual meetings of stockholders. Seven of the Company's then ten directors attended the 2023 annual meeting of stockholders.

The Board of Directors has a standing Audit Committee, a Compensation and Talent Committee, a Nominating and Governance Committee, a Compliance Committee, and a Science and Technology Committee and established written charters for each of these committees. All members of these committees are independent as currently defined by Nasdaq Listing Rules and applicable regulations and provisions under the Exchange Act. Charters for these committees are on our website cytokinetix.com in Corporate Governance under the Investors & Media tab. Other than the copies of our historical SEC filings, the information found on our website is not part of this or any other report filed with or furnished to the SEC.

Audit Committee. The Audit Committee consists of directors Ms. Parshall (Chair), Dr. Kaye, Dr. Henderson and Mr. Smith. All members of the Audit Committee are independent (as independence is currently defined in Rule 5605(c)(2) of the Nasdaq Listing Rules and Rule 10A-3(b)(1) under the Exchange Act). The Board of Directors determined that Ms. Parshall is an "audit committee financial expert" as defined in Item 407(d)(5)(ii) of Regulation S-K, based on her experience as a Chief Operating Officer of a life science company and the other experience included in her biography above.

The Audit Committee reviews our critical accounting policies and practices, consults with and reviews the services provided by our independent registered public accounting firm and selects our independent registered public accounting firm.

The Audit Committee held eight meetings during fiscal year 2023.

Report of the Audit Committee of the Board of Directors

The material in this report is not "soliciting material" is not deemed "filed" with the Commission and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended (the "Securities Act") or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2023 with management of the Company. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by the applicable requirements of the PCAOB and the SEC. The Audit Committee has also received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountants' communications with the Audit Committee concerning independence and has discussed with the independent registered public accounting firm the accounting firm's independence. Based on the foregoing, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2023 for filing with the SEC.

Respectfully submitted,

Members of the Audit Committee

B. Lynne Parshall, Esq., Chair
John T. Henderson, M.B., Ch.B.
Edward M. Kaye, M.D.
Sandford D. Smith

Compensation and Talent Committee. The Compensation and Talent Committee consists of directors Mr. Costa (Chair), Mr. Smith, Dr. Wierenga and Ms. Wysenski. All members of the Compensation and Talent Committee are independent (as independence is currently defined in Rule 5605(d)(2) of the Nasdaq Listing Rules and Rule 10C-1(b)(1) under the Exchange Act).

The Compensation and Talent Committee reviews and approves the salaries and incentive compensation of our executive officers and oversees our stock plans and employee benefit plans, as well as reviewing and recommending to the Board of Directors approval of modifications to the plans. The Compensation and Talent Committee, in consultation with the third-party independent

compensation consultant and discussion with management, forms its own recommendations for all executive compensation (base salary, bonus, equity and other benefits) and director compensation. All new hire stock option grants to employees, including our executive officers, are approved by the Compensation and Talent Committee. In addition, the Compensation and Talent Committee approves the annual stock option and restricted stock unit (“RSU”) awards for all employees as part of the annual performance review process. The Compensation and Talent Committee may engage the services of third-party professional compensation consulting firms to assist in benchmarking data from competitive peer group companies.

Further discussion of the role and function of our Compensation and Talent Committee can be found in the section below entitled “Compensation Discussion and Analysis.”

The Compensation and Talent Committee held nine meetings during fiscal year 2023.

Nominating and Governance Committee. The Nominating and Governance Committee consists of directors Dr. Henderson (Chair), Ms. Bhanji, Mr. Costa, and Ms. Parshall. All members of the Nominating and Governance Committee are independent (as independence is currently defined in Rule 5605(a)(2) of the Nasdaq Listing Rules).

The Nominating and Governance Committee assists the Board of Directors in identifying qualified persons to serve as directors, evaluates all proposed director nominees, recommends committee chairs and members, evaluates incumbent directors before recommending re-nomination, and recommends approved candidates to the Board of Directors for appointment or re-nomination to Company stockholders. The Nominating and Governance Committee also regularly reviews issues and developments relating to corporate governance, has primary responsibility for overseeing Environmental, Social and Governance (“ESG”) matters and formulates and recommends corporate governance standards to the Board of Directors. If there is a change in a director’s employment, the Nominating and Governance Committee evaluates and makes a recommendation to the Board of Directors as to whether the potential termination of the director is appropriate. The Nominating and Governance Committee has not established minimum qualifications for proposed director nominees.

The Nominating and Governance Committee has used and may use in the future search firms to assist in the identification and evaluation of qualified candidates to join the Board of Directors.

The Nominating and Governance Committee held four meetings during fiscal year 2023.

To date, the Nominating and Governance Committee has not established a policy for considering candidates for director recommended by our stockholders and will consider director candidates recommended by stockholders on a case-by-case basis, as appropriate. Because those candidates recommended by stockholders will receive substantially the same consideration that candidates recommended by members of the Board of Directors receive, the Board of Directors believes that it is appropriate for us to not have a formal policy for considering such candidates at this time. Shareholders wishing to recommend individuals for consideration by the Nominating and Governance Committee may do so by delivering a written recommendation to our Company Secretary at Cytokinetics, Incorporated, 350 Oyster Point Blvd., South San Francisco, California 94080 with the candidate’s name, biographical data and qualifications and a document indicating the candidate’s willingness to serve if elected. As indicated above, the Nominating and Governance Committee does not intend to alter the manner in which it evaluates candidates based on whether the candidate was recommended by a stockholder or not. Please also note that stockholders may also nominate candidates for director in accordance with the advance notice and other procedures contained in our bylaws.

Science and Technology Committee. The Science and Technology Committee of the Board of Directors (the “Science and Technology Committee”) consists of directors Dr. Wierenga (Chair), Dr. Harrington, Dr. Henderson, and Dr. Kaye.

The Science and Technology Committee provides guidance to management and the Board of Directors on emerging trends in healthcare, discovery research and clinical development and reviews and advises management and the Board of Directors on the overall strategic direction and investment in our research, development and technology programs. The Science and Technology Committee regularly reviews research programs and progress against goals, assesses the capabilities of key scientific and medical personnel and the depth and breadth of the scientific resources available to us, as well as reviewing and advising on regulatory strategy.

The Science and Technology Committee held four meetings during fiscal year 2023.

Compliance Committee. The Compliance Committee consists of directors Ms. Wysenski (Chair), Ms. Bhanji, Mr. Costa, Ms. Parshall, and Mr. Smith.

The Compliance Committee advises and assists the Board of Directors in overseeing risks and activities in the area of compliance and the identification and evaluation of our principal legal compliance risks except those matters set forth in the Audit Committee's charter. The Compliance Committee oversees our activities in the area of compliance that may impact our business operations or public image, in light of the applicable legal and regulatory requirements, government and industry standards, as well as business trends and public policy considerations. As part of the Compliance Committee's risk oversight function, it assesses our implementation of our compliance program.

The Compliance Committee held four meetings during fiscal year 2023.

Corporate Responsibility

We recognize the importance of ESG initiatives as they relate to our business strategy and risk assessment. In March 2023, we issued our inaugural corporate responsibility report in which we identified the corporate responsibility initiatives that we believe are most important to our business. In March 2024, we issued our second corporate responsibility report.

As a research and development focused biotechnology company, we have a relatively small environmental footprint and focus on improving awareness and integrating sustainable practices into our daily operations. Our corporate responsibility report includes a report on our greenhouse gas emissions.

Our 2023 Corporate Responsibility Report is available on our website and contains more detailed information regarding our ESG initiatives. Our 2023 Corporate Responsibility Report is not "soliciting material" and information found on, or accessible through, our website, including our 2023 Corporate Responsibility Report, is not a part of, and is not incorporated into, this Proxy Statement, and you should not consider it part of this this Proxy Statement.

Executive Compensation

Compensation Discussion and Analysis

This Compensation Discussion and Analysis explains our compensation philosophy, policies and practices for 2023 for the following individuals, who we refer to as our “named executive officers”:

NAME	POSITION
Robert I. Blum	President and Chief Executive Officer
Andrew M. Callos	Executive Vice President, Chief Commercial Officer
Ching W. Jaw	Senior Vice President, Chief Financial Officer
Fady I. Malik, M.D., Ph.D.	Executive Vice President, Research and Development
Robert C. Wong	Vice President, Chief Accounting Officer

Mr. Blum is our Principal Executive Officer (“PEO”) and our Principal Financial Officer. Our former Principal Financial Officer, Ching W. Jaw, resigned in February 2024.

Overview of Compensation Program

We design our executive compensation program to provide a competitive compensation package that focuses on corporate and individual performance and long-term results, while maximizing retention.

The highlights of our 2023 executive compensation program include:

- a merit salary increase of between 5-6% to our named executive officers and other employees (with exceptions on a case-by-case basis);
- an annual cash payment under our non-equity incentive plan (“NEIP”) designed to reward individuals for achieving corporate goals and, except for our CEO, individual goals in their functional area; and
- stock options and RSUs to our named executive officers in recognition of their performance in 2022 and to incentivize our named executive officers to achieve multi-year strategic goals articulated in our Vision 2025, to deliver sustained long-term value to stockholders, and to reward them for doing so.

At our 2023 annual meeting of stockholders, approximately 96% of the shares voted on our advisory proposal on executive compensation were cast in favor of our executive compensation for 2022. The Compensation and Talent Committee believes that this vote affirms our stockholders’ support for our compensation practices. After considering the outcome of the advisory vote, the Compensation and Talent Committee made no significant changes to the executive compensation program. We hold our advisory vote on executive compensation each year.

We have implemented many compensation best practices, as follows:

✔ WHAT WE DO	✘ WHAT WE DON'T DO
<p>✔ Maintain an Independent Compensation and Talent Committee. Our Compensation and Talent Committee consists solely of independent directors, and there were no compensation interlocks in fiscal year 2023.</p>	<p>✘ No Executive Retirement Plans. We do not offer pension arrangements or retirement plans to our executive officers that are different from or in addition to those offered to our other employees.</p>
<p>✔ Retain an Independent Compensation Advisor. The Compensation and Talent Committee engaged its own compensation advisor to provide information and analysis with its fiscal 2023 compensation review and other advice on executive compensation independent of management. This consultant performed no consulting or other services for us in fiscal year 2023.</p>	<p>✘ Limited Perquisites. We do not view perquisites as a significant component of our executive compensation program. Our perquisites are limited to those with a clear business-related rationale.</p>
<p>✔ Annual Executive Compensation Review. The Compensation and Talent Committee conducts an annual review and approval of our Peer Group and a review of our Peer Group and a review of compensation-related risk profile to ensure that our compensation programs do not encourage excessive or inappropriate risk taking.</p>	<p>✘ No Special Welfare or Health Benefits. Our executive officers participate in Company-sponsored health and welfare benefits that are generally on the same basis as our other full-time, salaried employees.</p>
<p>✔ Compensation At-Risk. Our executive compensation program is designed so that a significant portion of compensation is “at risk” based on our performance, as well as short-term cash and long-term equity incentives to align the interests of our executive officers and our stockholders.</p>	<p>✘ No Post-Employment Tax Payment Reimbursements. We do not provide any tax reimbursement payments (including “gross-ups”) on any severance or change in control payments or benefits to any executive officer (with the exception of our CEO under his pre-existing executive employment agreement, whose benefit is grandfathered).</p>
<p>✔ CEO Annual Incentive Compensation Cap. Our CEO’s annual cash incentive compensation opportunity is capped at 120% of his base salary.</p>	<p>✘ No Hedging Policy. We do not permit any of our directors, executive officers or any of our other employees from engaging in short sales, transactions in put or call options (other than in respect of call options granted by the Company as a long-term incentive compensation), hedging transactions or other inherently speculative transactions with respect to our Common Stock.</p>
<p>✔ Stock Ownership Policy. We maintain a stock ownership policy that requires our executive officers and directors to maintain a minimum ownership level of our Common Stock.</p>	<p>✘ No Pledging Policy. We do not permit any of our directors, executive officers or any of our other employees from pledging our equity securities.</p>
<p>✔ Compensation Recovery Policy. We have established an Incentive Compensation Recoupment Policy designed to comply with Section 10D of the Securities Exchange Act of 1934, Rule 10D-1 promulgated thereunder and Nasdaq Listing Rule 5608.</p>	<p>✘ No Dividends or Dividend Equivalents Payable on Unvested Equity Awards. We do not pay dividends or dividend equivalents on unvested RSU awards.</p>

✔ WHAT WE DO

- ✔ **Conduct an Annual Stockholder Advisory Vote (“Say-on-Pay”) on Named Executive Officer Compensation.** We conduct an annual stockholder advisory vote on the compensation of our Named Executive Officers, and we commend that our stockholders vote in favor of an advisory “say-on-frequency” vote requiring us to conduct a “say-on-pay” vote every year.
- ✔ **Use a Pay-for-Performance Philosophy.** The majority of our CEO and our other Named Executive Officers’ compensation is directly linked to the achievement of milestones designed to benefit our stockholders. We also structure target total compensation opportunities with a significant long-term equity component, thus aligning the interests of our executive officers with our stockholders.
- ✔ **“Double Trigger” Feature for Acceleration of Equity Awards for our Named Executive Officers.** The outstanding equity awards granted to our Named Executive Officers pursuant to our Amended and Restated 2004 Equity Incentive Plan are subject accelerated vesting only in the event of both a change in control of the Company and a subsequent involuntary termination of employment.

✘ WHAT WE DON'T DO

- ✘ **No Stock Option Re-pricing.** Our Amended and Restated 2004 Equity Incentive plan does not permit options to purchase shares of our Common Stock to be repriced to a lower exercise or strike price.
- ✘ **Executive Officers and Directors May Not Trade Except Pursuant to 10b5-1 Plans.** Our stock trading policy prohibits the trading of Company equity securities by our executive officers and directors except pursuant to 10b5-1 Plans adopted in accordance with SEC Rule 10b5-1(c).

Compensation Philosophy and Objectives

The Compensation and Talent Committee works to structure our executive compensation program to reward achievement of our business goals, align the executive officers’ interests with those of our stockholders and encourage our executives to build a sustainable biopharmaceutical company. The Compensation and Talent Committee seeks to ensure that we maintain our ability to attract and retain superior employees in key positions by providing our executives compensation that is competitive relative to the compensation paid to similarly situated executives in a defined group of peer companies (the “Peer Companies” as set forth below) and the broader marketplace from which we recruit and compete for talent. The Compensation and Talent Committee ensures that the total compensation paid to our executive officers is fair, reasonable, competitive and reflective of their performance and contributions toward corporate goals and objectives. To meet these objectives, we provide base salary, annual cash bonuses based on goal achievement and other factors considered by the Compensation and Talent Committee, equity awards, broad-based employee benefits with limited perquisites and severance benefits upon a potential loss of position in connection with a change in control.

In determining the amount and form of these compensation elements, the Compensation and Talent Committee considers a number of factors, including:

- compensation levels paid to similarly situated executives by our Peer Companies, to attract and retain executives in a competitive market for talent;
- corporate and individual performance, including performance in relation to our business plan, and execution of individual, team and Company-wide strategic initiatives, to focus executives on achieving our business objectives;
- the experiences and knowledge of our executives;
- internal pay equity of the compensation paid to one executive officer as compared to another — that is, the compensation paid to each executive should reflect the importance of that executive’s role as compared to the roles of the other executives — to promote teamwork and contribute to retention, while recognizing that compensation opportunities should increase based on increased levels of responsibility among officers;
- broader economic conditions, to ensure that our pay strategies account for how the larger economic environment impacts our business, such as the relatively high cost of living and competitive life science marketplace in the San Francisco Bay Area; and
- the potential dilutive effect of equity awards on our stockholders.

Role of the Compensation and Talent Committee

The Compensation and Talent Committee is generally responsible for reviewing, modifying, approving and otherwise overseeing the officer compensation policies and practices, including the administration of our equity plans and employee benefit plans applicable to all our employees. As part of its responsibilities, the Compensation and Talent Committee establishes and implements compensation decisions for our named executive officers and evaluates the success of those decisions in supporting our compensation philosophy for our named executive officers. The Compensation and Talent Committee reports its decisions regarding executive compensation matters to the Board of Directors.

As part of its deliberations, in any given year, the Compensation and Talent Committee may review and consider materials such as Company financial reports, financial projections, operational data and stock performance data. The Compensation and Talent Committee also reviews information such as total compensation that may become payable in various hypothetical scenarios, executive stock ownership information, analyses of historical executive compensation levels and current Company-wide compensation levels and benchmarking data provided by the independent compensation consultants, Aon Human Capital Solutions practice, a division of Aon plc ("Aon") (formerly known as "Radford"). The Compensation and Talent Committee also consults directly with Aon and our CEO. While the Committee took into consideration the data and information provided by Aon when making executive compensation decisions, ultimately, the Committee made its own independent decisions about executive compensation matters.

Role of the Independent Compensation Consultant

The Compensation and Talent Committee retained Aon as its independent compensation consultant for compensation decisions for 2023. The Compensation and Talent Committee assessed Aon's independence and concluded that no conflict of interest existed that would prevent Aon from independently advising the Compensation and Talent Committee. The Compensation and Talent Committee intends to continue to assess the independence of any of our compensation advisors, consistent with applicable Nasdaq Listing Rules and rules and regulations under the Exchange Act.

While we pay for Aon's services, the Compensation and Talent Committee has the authority to engage and terminate Aon's services. Our management provides historical data, reviews reports for accuracy and interacts directly with Aon.

For 2023, Aon provided the following services to the Compensation and Talent Committee:

- reviewed and provided recommendations on the composition of our 2023 Peer Companies;
- provided compensation-related data related to executives and directors at our 2023 Peer Companies based on data from SEC filings and the Radford Global Life Sciences Survey;
- conducted a competitive review of the compensation of our named executive officers and members of our Board of Directors, including advising on the design and structure of our equity incentive compensation program; and
- prepared compensation market trends and an analysis of our share usage under the Company's Amended and Restated 2004 Equity Incentive Plan ("2004 EIP") in comparison to our 2023 Peer Companies based on data from SEC filings.

Aon did not provide any other executive compensation services to us in 2023. We separately engaged Aon to provide our management with survey data and advice regarding compensation and equity awards for our broader employee base. The total fees payable to Aon in 2023 for services other than those related to executive and director compensation were less than \$120,000. The Compensation and Talent Committee approved the engagement of, and fees payable to, Aon for these other services, and determined that these other services did not constitute a conflict of interest or prevent Aon from objectively performing its work for the Compensation and Talent Committee.

Role of Executive Officers in Compensation Decisions

For compensation decisions in 2023, our CEO aided the Compensation and Talent Committee by providing recommendations regarding the compensation of the named executive officers other than himself. Each of those named executive officers participated in an annual performance review with our CEO to provide input about his or her contributions to our goals and objectives in 2023, which guided, along with other factors, 2023 compensation actions. Our CEO participated in a review process, with respect to his own performance, with the Chairman of the Board of Directors who, at the time, was also a member of the Compensation and Talent Committee. The Compensation and Talent Committee assessed the recommendations of our CEO (and,

with respect to our CEO, the recommendations of the Chairman of the Board of Directors at the time) in the context of each named executive officer's performance. No named executive officer participated directly in the Compensation and Talent Committee's final determinations regarding the amount of any component of his or her own 2023 compensation.

Our Human Resources, Finance and Legal departments work with our CEO to design and develop compensation programs for our named executive officers, to recommend changes to existing compensation programs, to establish corporate and individual performance goals, to prepare and/or review peer data comparisons and other Compensation and Talent Committee briefing materials and ultimately to implement the Compensation and Talent Committee's decisions. Our Vice President, Human Resources and our CEO meet separately with Aon to convey information on proposals that management may make to the Compensation and Talent Committee, as well as to assist Aon in collecting information about us to perform its duties for the Compensation and Talent Committee.

Benchmarking

The Compensation and Talent Committee believes it is important when making its compensation-related decisions to be informed as to current compensation practices of comparable publicly held companies in the life sciences industry. The Compensation and Talent Committee engaged Aon to analyze the executive compensation practices of a number of comparable publicly held companies in the life sciences industry. The Compensation and Talent Committee, in consultation with Aon, reviews and adjusts the list of Peer Companies annually to ensure that the list provides a current and useful comparison of companies for use as a means of comparing our executive compensation levels relative to the market. Companies are evaluated and adjusted as appropriate for inclusion in these analyses based on business characteristics similar to ours. Potential companies are selected based on criteria that include business model, stage of development, market capitalization, years since its initial public offering, employee headcount, research and development expenditures, cash reserves and revenue.

When the 2022 peer group was established in November 2021, the Company's market capitalization was approximately \$3 billion and headcount was less than 400 employees. Accordingly, in November 2022, the Compensation and Talent Committee made meaningful changes to the peer group selection criteria and resulting peer companies to account for the advancement of the Company's clinical assets, significant growth in the Company's market capitalization relative to the prior year, and meaningful year-over-year increase in headcount. The Compensation and Talent Committee approved the following Peer Companies for use in making compensation decisions in 2023:

• ACADIA Pharmaceuticals Inc.	• Denali Therapeutics Inc.
• Agios Pharmaceuticals, Inc.	• FibroGen, Inc.
• Amicus Therapeutics, Inc.	• Intra-Cellular Therapies, Inc.
• Apellis Pharmaceuticals, Inc.	• Ionis Pharmaceuticals, Inc.
• Arcus Biosciences, Inc.	• Iovance Therapeutics, Inc.
• Arrowhead Pharmaceuticals, Inc.	• Karuna Therapeutics, Inc.
• Ascendis Pharma A/S	• Mirati Therapeutics, Inc.
• BioCryst Pharmaceuticals, Inc.	• Neurocrine Biosciences, Inc.
• Blueprint Medicines Corporation	• Revance Therapeutics, Inc.
• Deciphera Pharmaceuticals, Inc.	• Ultragenyx Pharmaceuticals Inc.

At the time of the determination, these companies each had a market capitalization generally between \$1.5 billion and \$15 billion, had an employee head count greater than 200 but less than 750, annual revenues of less than \$500 million and were generally at a comparable stage to us in the development of their lead drug candidate. The Compensation and Talent Committee determined that the foregoing selection criteria were appropriate for selecting the Peer Companies for 2023 because at such time, we were a late-stage biopharmaceutical company with a market capitalization of approximately \$5 billion and approximately 365 employees, which placed us within the range of the Peer Companies.

Aon prepared an analysis of the compensation levels and practices of the Peer Companies as reported in their proxy statements and offered additional analysis based on the compensation practices of a comparable group of life science companies (a subset of what is included in the broader Radford Global Life Sciences Survey).

The Compensation and Talent Committee reviewed the cash and equity components from these analyses in setting a total compensation package for each executive officer as well as reviewing each executive officer's past and anticipated contributions to the Company, current compensation package, compensation market trends for competitive positions, overall performance and retention risks. The Compensation and Talent Committee believes considering this benchmark information to be important in compensation-related decisions and uses it as a reference point in formulating decisions. Other factors, such as economic conditions and internal pay equity may play a role with respect to the compensation offered to an executive in any given year.

The Compensation and Talent Committee aims to provide target total cash and long-term equity compensation at or around the median of the compensation paid to similarly situated executives employed by the Peer Companies for target level performance, with compensation above this level possible for exceptional performance. To achieve this positioning for target levels of compensation, the Compensation and Talent Committee generally sets the various compensation elements as follows:

- base salaries and target annual cash payments under our NEIP at a level such that, when combined result in a target total cash compensation that is at or around the median for comparable positions as compared to the Peer Companies' data; and
- target long-term equity compensation at a level such that, when combined with target total cash compensation, target total cash and equity compensation is between the 50th and 75th percentile for comparable positions as compared to the Peer Companies' data.

Compensation Components

Base Salary. We provide base salary as the fixed source of compensation for our executive officers for the services they provide to us during the year and to balance the impact of having the bulk of the remainder of their compensation "at risk" in the form of annual cash bonuses and equity-based incentive compensation. The Compensation and Talent Committee recognizes the importance of base salaries as an element of compensation that helps to attract and retain talented executives.

Non-Equity Incentive Plan. We structured our NEIP to provide incentives for our named executive officers to achieve our annual corporate and, except for the CEO, individual performance objectives.

Annual cash awards under our NEIP are based on a thorough quantitative and qualitative review of facts and circumstances related to Company, department, function and individual performance, as compared to the corporate goals approved by the Compensation and Talent Committee during the first part of the performance year.

Each named executive officer's annual target NEIP award is expressed as a percentage of his or her base salary and is set at a level that, upon 100% achievement of our corporate goals and the named executive officer's individual performance goals, and when combined with the executive officers' base salaries, falls at the median level for a similar executive position as compared to the Peer Companies' data. In determining the split of the target award as between corporate and individual performance, the Compensation and Talent Committee believes that the more senior position and operational responsibilities, the greater the percentage of his or her award that should be weighted to our corporate rather than individual achievement. For example, our CEO's NEIP award is based entirely on corporate achievement and not on individual achievement.

In the first quarter of each year, the Compensation and Talent Committee reviews and approves corporate goals presented by senior management. Upon completion of the year, the Compensation and Talent Committee assesses achievement relative to the predetermined milestones and measurements as well as other factors the Compensation and Talent Committee determines, in its discretion, are material. The minimum NEIP award amount is zero, and the maximum is 120% of the target NEIP award amount. If the Compensation and Talent Committee determines that NEIP awards should not be awarded for corporate achievement for any reason, NEIP awards will not be paid even if the individual goals and objectives were met. We believe this incentive structure allows the Compensation and Talent Committee to be responsive to the uncertainties and lack of predictability associated with being a biotechnology company dedicated to the discovery, development and commercialization of first-in-class therapeutics with novel mechanisms of action.

Equity Awards. The Compensation and Talent Committee believes that providing a material portion of our executive officers' total compensation in equity awards aligns the interests of our executive officers with our stockholders, by linking the value of compensation to the value of the Common Stock. In determining the form and size of equity awards, the Compensation and Talent Committee considers information provided by Aon as to whether the complete compensation packages provided to each named

executive officer, including prior equity awards, are sufficient to retain, motivate and adequately reward the executive for his or her contributions. In addition, in determining the size of equity awards, the Compensation and Talent Committee considers the anticipated value of the named executive officer's contributions going forward. We make new-hire and subsequent equity awards on pre-determined dates as follows:

- Before an offer is made, the Compensation and Talent Committee approves the terms of new-hire equity awards as inducement awards. Decisions in respect of the granting of inducement awards in accordance with Nasdaq Listing Rule 5635(c)(4) are made exclusively by the Compensation and Talent Committee.
- We generally grant subsequent annual equity awards to all eligible employees during the first quarter of each fiscal year.

We do not purposely accelerate or delay the public release of material information in consideration of pending equity awards. The grant of annual equity awards to our named executive officers and other employees typically occurs in early to mid-March after the filing of our Annual Report on Form 10-K.

Stock Options. We grant stock options to our named executive officers when they join us and annually, on a discretionary basis, as part of our performance review and rewards process. All options have an exercise price equal to the fair market value of the Common Stock on the date of grant, and generally vest monthly based on continued service over a four-year period (with the exception of initial hire grants which cliff vest 25% at the end of the first anniversary from the grant date and then in monthly installment over the remaining three years). Options provide a return to the executive officer only if the executive officer remains a service provider to us except in limited circumstance described in the 2004 EIP, and then only if the market price of the Common Stock appreciates relative to the option exercise price over the period in which the option vests and beyond.

Restricted Stock Units. We grant RSUs to our named executive officers annually, on a discretionary basis, as part of our performance review and rewards process. RSUs generally vest over a three-year period, with 40% vesting on the one-year anniversary of the grant date, an additional 40% on the two-year anniversary of the grant date, and the final 20% on the three-year anniversary of the grant date. Upon vesting RSUs are converted on a 1-to-1 basis for shares of Common Stock, but only if the executive officer remains a service provider to us except in limited circumstances described in the 2004 EIP.

In March 2023, the Compensation and Talent Committee granted a blend of stock options and RSUs to our named executive officers. We believe this blended approach will enable us to deliver competitive equity awards, enhances the retention of key talent, and motivates shareholder value creation.

In determining the size and mix of equity awards to named executive officers in a given year, the Compensation and Talent Committee considered:

- for each named executive officer, the value of equity awards granted to executives in similar positions at our Peer Companies, targeting long-term equity compensation at a level such that, when combined with target total cash compensation, the officer's target total compensation opportunity is at or around the median for comparable positions;
- the equity budget for a given year for all our employees, and the percentage of that budget allocated to be used for awards to our named executive officers;
- the retention and motivation value of equity awards that have been previously granted to each named executive officer;
- each named executive officer's total potential ownership as a percentage of our outstanding shares; and
- internal pay equity among our named executive officers, to reflect the importance of each named executive officer's responsibilities to our success as compared to our other named executive officers.

Broad-based employee benefits with limited perquisites. Our named executive officers are eligible to participate in our employee benefit plans, including medical, dental, life insurance, employee stock purchase and 401(k) plans. These benefits are available on the same terms and conditions as to our other employees. Our named executive officers do not receive any perquisites other than those provided to all employees.

Severance Benefits and Employment Agreements. We have executive employment agreements with each of our named executive officers that provide for salary and benefit continuation, bonus payments and accelerated vesting of equity awards upon the termination of their employment either by us without cause, or by the executive for good reason following a loss of position in connection with a change of control of the Company. The terms of these agreements are described in the section below entitled “Potential Payments Upon Termination or Change of Control.”

The Compensation and Talent Committee believes these agreements are an essential element of our executive compensation program and assists the Compensation and Talent Committee in recruiting and retaining talented executives. The Compensation and Talent Committee also believes these benefits serve to minimize the distractions to the executive, reduce the risk that the executive will depart the Company before an acquisition is consummated, and allow the executive to focus on continuing normal business operations and the success of a potential business combination, rather than worrying about how business decisions that may be in our best interests and the interest of our stockholders will impact his or her own financial security. That is, these change of control arrangements help ensure stability among our executive ranks and will enable our executives to maintain a balanced perspective in making overall business decisions during periods of uncertainty. Further, these agreements are in line with customary practices at an executive level at the Peer Companies.

Corporate and Individual Achievement Assessment Impacting Compensation Components

Corporate Achievement. Before the start of each calendar year, management prepares a set of corporate goals covering our expected operating and financial performance for the fiscal year. Our corporate goals are focused on corporate metrics and objectives that are intended to provide both near- and long-term stockholder value. The Compensation and Talent Committee then reviews and approves these corporate goals.

For 2023, the Compensation and Talent Committee approved corporate goals that included:

- receiving approval from the Food and Drug Administration (“FDA”) of our new drug application (“NDA”) for omecamtiv mecarbil in the United States, conducting interactions with the European Medicines Agency (“EMA”) to support approval of a marketing authorisation application for omecamtiv mecarbil in the European Union, and submitting a new drug submission for omecamtiv mecarbil in Canada;
- if approved by FDA, commencing commercialization of omecamtiv mecarbil in the United States, hiring field staff to support such commercialization and meeting or exceeding target revenue from such commercialization activities;
- continuing development of aficamten in patients with hypertrophic cardiomyopathy (“HCM”), including complete enrollment in SEQUOIA-HCM, a Phase 3 clinical trial of aficamten in patients with obstructive HCM, and Cohort 4 of REDWOOD-HCM, a Phase 2 clinical trial of aficamten in patients with non-obstructive HCM, as well as commencing MAPLE-HCM, a second Phase 3 clinical trial of aficamten in patients with obstructive HCM as a monotherapy, and ACACIA-HCM, a Phase 3 clinical trial of aficamten in patients with non-obstructive HCM;
- conducting a second interim analysis of COURAGE-ALS, our Phase 3 clinical trial of reldesemtiv in patients with amyotrophic lateral sclerosis (“ALS”), and complete enrollment of COURAGE-ALS;
- delivering a preliminary global go-to-market strategy for reldesemtiv;
- meeting research objectives to identify and initiate development of early-stage drug development candidates; and
- achieving business development, corporate development, financial management and capital raising objectives, including ending the 2023 fiscal year with at least 24 months of forward cash.

At the end of each year, the Compensation and Talent Committee determines the overall level of corporate achievement, including assessing our performance relative to these goals. The Compensation and Talent Committee does not use a rigid formula in determining the Company’s level of achievement, but instead considers:

- the degree of success achieved for each corporate goal, comparing actual results against the pre-determined deliverables associated with each objective;
- the difficulty of the goal;

TABLE OF CONTENTS

- whether significant unforeseen obstacles or favorable circumstances altered the expected difficulty of achieving the desired results;
- other factors that may have made the stated goals more or less important to our success; and
- other accomplishments by us during the year or other factors that, although not included as part of the formal goals, are nonetheless deemed important to our near- and long-term success.

The Compensation and Talent Committee does not assign weights in these assessments but uses its discretion and judgment to determine a percentage that it believes fairly represents the achievement level for the year and considers organizational impact.

Individual Goals. Individual goals for each named executive officer are derived from the corporate goals that relate to his or her functional area, except for our CEO, who has no individual goals apart from the corporate goals. Our CEO established the individual goals for 2023 with each other named executive officer described below based on the relevant corporate goals and key functional area priorities for the year.

 - supporting establishment of European subsidiary companies; and
 - professional development and corporate citizenship goals.

Target bonus levels for 2023 performance for each of the named executive officers expressed as a percentage of base salary, and the relative weightings of individual goals and corporate goals, were as follows:

NAMED EXECUTIVE OFFICER	TARGET BONUS % OF SALARY	CORPORATE GOAL WEIGHTING	INDIVIDUAL GOAL WEIGHTING
Robert I. Blum	75%	100%	0%
Andrew M. Callos	45%	75%	25%
Ching W. Jaw	45%	75%	25%
Fady I. Malik, M.D., Ph.D.	45%	75%	25%
Robert C. Wong	30%	75%	25%

The 2023 target bonus levels were generally positioned at the median level for similar executive positions as compared to data from our Peer Companies for 2023.

Compensation Decisions for 2023

In February 2023, the Compensation and Talent Committee, after exercising its discretion and based on progress in the advancement of our skeletal and cardiac muscle programs, the achievement of research program milestones, the execution of a new collaboration agreement, achievement of other financing objections and certain research goals, voted to approve salary increases and equity awards for our named executive officers with base salary changes effective March 1, 2023.

NAMED EXECUTIVE OFFICER	2023 BASE SALARY	OPTION GRANTS (# OF SHARES)	RSU GRANTS (# OF UNITS)	2023 NON-EQUITY INCENTIVE PLAN COMPENSATION TARGET AS % OF SALARY
Robert I. Blum	\$790,000	165,000	82,500	75%
Andrew M. Callos	\$523,640	50,000	30,000	45%
Ching W. Jaw	\$525,971	50,000	30,000	45%
Fady I. Malik, M.D., Ph.D.	\$586,023	80,000	30,000	45%
Robert C. Wong	\$379,578	12,000	6,000	30%

In February 2024, the Compensation and Talent Committee, after exercising its discretion and based on progress in the advancement of our skeletal and cardiac muscle programs, the achievement of research program milestones, the achievement of other financing objections and certain research goals, determined that we had an overall corporate achievement level of 90% for 2023. The Compensation and Talent Committee also determined the level of individual achievement for each named executive officer, which includes, but is not limited to, an assessment of the individual's performance relative to these goals.

Mr. Blum's incentive amount is based solely on the corporate achievement level. In February 2024, the Compensation and Talent Committee determined that the other named executive officers had individual achievement levels for 2023 as follows: Mr. Callos – 105%, Dr. Malik — 95%, and Mr. Wong – 94%. Mr. Jaw resigned his employment effective February 23, 2024 and was not ascribed an individual achievement level.

The Compensation and Talent Committee determined that, based on the criteria achieved above, the NEIP award amounts payable in 2024 to our named executive officers for their 2023 performance would be as follows:

NAMED EXECUTIVE OFFICER	NON-EQUITY INCENTIVE PLAN COMPENSATION FOR 2023 PERFORMANCE
Robert I. Blum	\$533,250
Andrew M. Callos	\$220,911
Fady I. Malik, M.D., Ph.D.	\$240,636
Robert C. Wong	\$103,625

Tax Deductibility of Executive Compensation

Under Section 162(m) of the Internal Revenue Code ("Section 162(m)"), publicly held companies may generally not deduct compensation paid to certain executive officers to the extent such compensation exceeds \$1 million per officer in any year. In determining the form and amount of compensation for our named executive officers, the Compensation and Talent Committee may consider all elements of the cost of such compensation, including the potential impact of deduction limitations. While the Compensation and Talent Committee considers the deductibility of awards as one factor in determining executive compensation, the Compensation and Talent Committee also look at other factors in making its decisions and retains the flexibility to award compensation to the Company's named executive officers that it determines to be consistent with the goals of our executive compensation program and the best interests of the Company and its stockholders, which may include providing for compensation that is not deductible by the Company due to the deduction limit under Section 162(m).

Accounting Considerations

In determining the size and type of equity awards, the Compensation and Talent Committee considers the potential impact of the accounting guidance for stock-based compensation. We do not set a specific budget for equity compensation based on the accounting cost.

Compensation Recovery Policy

In order to ensure that our executive officers, including our named executive officers, take full account of risks to us and our stockholders in their decision-making, and to reduce such risks wherever practicable, in October 2023 our Compensation and Talent Committee adopted a policy (the "Incentive Compensation Recoupment Policy") designed to comply with Section 10D of the Securities Exchange Act of 1934, Rule 10D-1 promulgated thereunder and Nasdaq Listing Rule 5608. This policy provides that if the Company is required to prepare an accounting restatement due to the material noncompliance of the Company with any financial reporting requirement under securities laws, including any required accounting restatement to correct an error in previously issued financial statements that is material to the previously issued financial statements, or that would result in a material misstatement if the error were corrected in the current period or left uncorrected in the current period, the Company must reasonably promptly recoup the full amount of recoverable incentive compensation paid to current and former executive officers unless such recovery is deemed impracticable for reasons stipulated in the policy. The Incentive Compensation Recoupment Policy applies to compensation received on or after October 2, 2023. A copy of the Incentive Compensation Recoupment Policy is available as Exhibit 97.1 to our Annual Report on Form 10-K for the year ending December 31, 2023.

Stock Ownership and Retention Guidelines

Our stock ownership guidelines require our executives and directors to hold a meaningful amount of our Common Stock to promote a long-term perspective in managing the Company, further aligning the interests of our executives and stockholders and mitigating potential compensation-related risk. Our guidelines require that our CEO maintain at all times Common Stock and/or RSUs in the amount of 3 times his annual base salary, our other named executive officers maintain at all times Common Stock and/or RSUs in the amount of 1.0-1.5 times their respective annual salaries (depending on seniority), and our non-executive directors maintain at all times Common Stock and/or RSUs in the amount of 3 times their respective annual cash retainer (committee retainers excluded). Our guidelines generally require that each officer or non-executive director who has not met their ownership requirements retain 100% of the shares of our Common Stock acquired through the vesting of RSUs and the exercise of stock options awarded (net of shares retained by us to satisfy tax withholding requirements and exercise price amounts) until such officer has reached his or her required stock ownership level (with exceptions for pre-committed trading instructions under plans adopted in accordance with Rule 10b5-1(c) under the Exchange Act).

Hedging & Pledging Policy

We have a policy that prohibits our officers, directors and our employees from engaging in short sales, transactions in put or call options (other than stock options granted by the Company pursuant to our equity incentive plans), hedging transactions or other inherently speculative transactions with respect to our Common Stock. We also have a policy that prohibits our officers, directors and employees from granting any security interests or otherwise encumbering their shares or other securities issued by Cytokinetics.

Compensation and Talent Committee Report

The material in this report is not "soliciting material," is not deemed "filed" with the Commission and is not to be incorporated by reference in any filing of the Company under the Securities Act or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

Our Compensation and Talent Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation and Talent Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated into the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2023.

Members of the Compensation and Talent Committee

Santo J. Costa, Chair
Sandford D. Smith
Wendell Wierenga
Nancy J. Wysenski

Compensation Committee Interlocks and Insider Participation

During 2023, our Compensation and Talent Committee consisted of Mr. Costa, Mr. Smith, Mr. Wierenga and Ms. Wysenski, and no current or former member of the Compensation and Talent Committee or named executive officer served as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board of Directors or Compensation and Talent Committee. The current and former members of the Compensation and Talent Committee were not officers or employees of the Company while a member of the Compensation and Talent Committee during 2023.

Risk Analysis of the Compensation Programs

The Compensation and Talent Committee has reviewed our compensation policies as generally applicable to our employees and believes that our policies do not encourage excessive and unnecessary risk-taking and that the level of risk that they do encourage is not reasonably likely to have a material adverse effect on us. The design of our compensation policies and programs is intended to encourage our employees to remain focused on both our short- and long-term goals. For example, while our cash bonus plans measure corporate and individual performance on an annual basis, the stock options typically vest over a number of years, which the Compensation and Talent Committee believes encourages employees to focus on sustained stock price appreciation, thus limiting the potential value of excessive risk-taking.

1. Includes amounts earned but deferred pursuant to our 401(k) plan at the election of the named executive officers.
2. Reflects the aggregate grant date fair value of performance stock units ("PSUs"), RSUs and stock options granted, as applicable, calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 ("Topic 718"). No PSUs were granted to the named executive officers in 2022 or 2023. Assumptions used for the valuation of these grants are set forth in Note 8 of our audited consolidated financial statements and included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2023. For the PSUs granted in 2021, a 100% probability of achievement of the relevant performance conditions was used to calculate the grant date fair value in accordance with Topic 718, excluding the effect of estimated forfeitures.
3. Reflects amount earned as non-equity incentive plan compensation for the performance year to which the NEIP awards relate, rather than the year in which the award is paid, which is usually March of the subsequent year. The Non-Equity Incentive Plan Compensation amounts contained in the Executive Summary Compensation Table for 2021, as contained in our proxy statement for the 2022 annual meeting of stockholders, incorrectly reflected the amount of award in the year paid rather than the year to which the awards related.
4. Includes our matching contribution for the named executive officer participation in our 401(k) plan, gym, and technology reimbursement. For Mr. Callos, in connection with joining us in March 2021, includes a sign-on bonus of \$50,000 in 2022.
5. Mr. Jaw resigned his employment effective February 23, 2024.

Executive Employment and Other Agreements

We have executive employment agreements with each named executive officer that provide for such officers to remain at-will employees and to receive salary, non-equity incentive plan payments and benefits as determined at the discretion of the Board of Directors and for such officers to receive certain benefits if, upon or within the eighteen-month period (twelve-month period for Mr. Wong) following a change of control of the Company, they resign for good reason or are terminated by us or our successor other than for cause and sign a standard release of claims with us. See “Potential Payments Upon Termination or Change of Control” below.

Pension Benefits

We do not provide our employees, including our named executive officers, with a defined benefit pension plan or any supplemental executive retirement plans or retiree health benefits.

Nonqualified Deferred Compensation

We do not have a nonqualified defined contribution plan or other nonqualified deferred compensation plan.

Potential Payments Upon Termination or Change of Control

We have executive employment agreements with each named executive officer that provide for such officers to remain at-will employees and to receive salary, non-equity incentive plan payments and benefits as determined at the discretion of the Board of Directors and provide for such officers to receive certain benefits if, upon or within the eighteen-month period (twelve-month period for Mr. Wong) following a change of control of the Company, they resign for good reason or are terminated by us or our successor other than for cause (a “qualifying resignation or termination”) and such officer signs a standard release of claims with us. We also have an executive severance plan, which is available for review as Exhibit 10.1 to our Annual Report on Form 10-K, which provides additional benefits to our named executive officers (other than Mr. Blum) in the event of certain qualified terminations, including following a change of control of the Company.

In addition, our executives will receive accelerated vesting of equity awards upon a change of control in which the acquirer does not assume all equity awards and in the case of a qualifying resignation or termination. However, we do not have any other agreements, plans or arrangements that provide for severance or other benefits upon termination for other reasons.

“Good reason” includes a material reduction in salary; a material decrease in duties or responsibilities; a material decrease in the duties or responsibilities of the supervisor to whom the executive officer is required to report; a material decrease in the budget over which the executive officer has authority; relocation of the place of employment to a location more than fifty miles from our location at the time of the change in control; or a material breach of the executive employment agreement by us or our successor.

“Cause” includes failure to substantially perform the duties of the job other than due to physical or mental illness; engaging in conduct that is materially injurious to us or constitutes gross misconduct; material breach of the executive employment agreement by the executive officer; material breach of our policies that have been adopted by the Board of Directors; conviction of a felony; or fraud against us.

Under their executive employment agreements and our executive severance plan, upon a qualifying resignation or termination in connection with a change of control of the Company, Mr. Callos, Dr. Malik and Mr. Wong will (and Mr. Jaw, prior to his resignation, would have) become entitled to receive: continuing severance payments at a rate equal to their base salary for a period of eighteen months (except for Mr. Wong, who is entitled to receive such payment for a period of twelve months); a lump sum payment equal to the sum of (i) any annual bonus earned by such named executive officer, as determined by the Board of Directors or the Compensation and Talent Committee (as applicable), but unpaid as of the date of the termination, with respect to the year prior to the year in which the termination occurs, (ii) 100% of such named executive officer’s target annual bonus for the year in which the termination occurs, and (iii) such named executive officer’s target annual bonus for the year in which the termination occurs, prorated based on the number of days in such year through the date of termination; acceleration in full of vesting of equity awards held by them; and continued employee benefits until the earlier of eighteen months following the date of the qualifying termination or resignation or the date they obtain employment with generally similar employee benefits. In the event that such payments constitute “parachute payments” within the meaning of Section 280G of the Code and become subject to the excise tax imposed under Section 4999 of the Code, the executive employment agreements of Mr. Callos, Dr. Malik and Mr. Wong each provide (and Mr. Jaw’s provided) that the benefit amount may be reduced so that no portion of the payment is subject to the excise tax.

Under his executive employment agreement, upon a qualifying resignation or termination in connection with a change of control of the Company, Mr. Blum will become entitled to receive: continuing severance payments at a rate equal to his base salary for a period of twenty-four months; a lump sum payment equal to his full target annual bonus; acceleration in full of vesting of equity awards held by him; and continued employee benefits until the earlier of twenty-four months following the date of the qualifying termination or resignation or the date he obtains employment with generally similar employee benefits. In the event that such payments constitute “parachute payments” within the meaning of Section 280G of the Code and become subject to the excise tax imposed under Section 4999 of the Code, Mr. Blum is eligible to receive a payment from us sufficient to pay the excise tax, and a tax gross-up payment, which is an additional payment sufficient to pay the excise tax and other income taxes resulting from the initial excise tax payment. This excise tax and tax gross-up payment has been in Mr. Blum’s employment agreement since May 2007, was customary at the time, and has been grandfathered for Mr. Blum.

The provisions of each executive employment agreement are intended to comply with the requirements of Section 409A so that none of the severance payments or benefits to be provided under the agreements will be subject to the additional tax imposed under Section 409A. If severance payments to an executive officer at the time of termination would trigger the additional tax imposed under Section 409A, then such payments will instead become payable to the executive officer starting six months and one day after the termination date.

Severance payments and benefits provided to an executive officer under an executive employment agreement following a qualifying resignation or termination are subject to certain conditions including adherence to existing confidentiality, proprietary information and invention assignment agreements, and non-competition clauses.

TABLE OF CONTENTS

The following table summarizes the potential benefits the named executive officers would receive upon a qualifying resignation or termination in connection with a change of control of the Company assuming their employment had been terminated on December 29, 2023:

NAMED EXECUTIVE OFFICER	SALARY	BONUS	ACCELERATION OF VESTING OF EQUITY GRANTS ⁽¹⁾	ACCELERATION OF VESTING OF OPTIONS ⁽¹⁾	CONTINUATION OF EMPLOYEE BENEFITS ⁽²⁾	CHANGE IN CONTROL REDUCTION ⁽³⁾	TOTAL

1. The value of the acceleration of vesting of the equity grants is calculated using the closing market price of our Common Stock at December 29, 2023 of \$83.49 and the value of the acceleration of vesting of options is calculated as the amount by which that closing market price exceeds the exercise price for unvested stock options at December 29, 2023.
2. Represents the cost of premiums for medical, dental, vision, life and disability insurance coverage under our group employee benefit plans based on 2024 rates.
3. As described under "Potential Payments Upon Termination of Change in Control", the total payment following a change in control will be reduced to a level below the Section 280G safe harbor amount. Under the assumptions above, Mr. Callos exceeds the 280G safe harbor amount as of December 29, 2023 and as a result his payment will be reduced below the safe harbor amount.

Principal Executive Officer Pay Ratio

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act and the related SEC rule (the "Rule"), the following table provides the ratio of the total compensation for 2023 for Mr. Blum, our principal executive officer to the total compensation for 2023 for our median employee follows:

PEO Compensation for 2023	\$8,751,057
Median Employee Compensation for 2023	\$ 365,039
Ratio of PEO Compensation to Median Employee Compensation for 2023	24 to 1

The pay ratio above represents the Company's reasonable estimate calculated in a manner consistent with the Rule and applicable guidance. The Rule and guidance provide significant flexibility in how companies identify the median employee, and each company may use a different methodology and make different assumptions particular to that company. As a result, as the SEC explained when it adopted the Rule, in considering the pay-ratio disclosure, stockholders should keep in mind that the Rule was not designed to facilitate comparisons of pay ratios among different companies, even companies within the same industry, but rather to allow stockholders to better understand and assess each particular company's compensation practices and pay-ratio disclosures.

In determining the median employee, we prepared a listing of all employees (excluding Mr. Blum) using a measurement date of December 31, 2023, annualized the salaries for those employees that were not employed for all of 2023 and identified the employee at the median of the listing of annualized salaries (the "Median Employee"). We calculated the Median Employee Compensation for 2023 for the Median Employee on the same basis as the total compensation of Mr. Blum in the Executive Summary Compensation Table.

Pay Versus Performance

As required by Section 953(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(v) of Regulation S-K, we are providing the following information about the relationship between executive compensation actually paid and the Company's financial performance. As described in "Financial Performance Measures" below, we do not have a Company Selected Financial Measure as described in Item 402(v)(2)(vi) of Regulation S-K to link compensation actually paid ("CAP") to our performance.

Required Tabular Disclosure of Compensation Actually Paid Versus Performance

The following table discloses information on CAP to our principal executive officer and (on average) to our other named executive officers during the specified years alongside total shareholder return ("TSR") and net income metrics.

3. The amounts in this column represent the average of the amounts reported for the Company's named executive officers as a group (excluding the Company's PEO, Mr. Blum) in the "Total" column of the *Executive Summary Compensation Table* included in this Proxy Statement with respect to 2023, and our proxy statement for our 2023 annual meeting of stockholders with respect to each of 2022, 2021, and 2020. For 2023, the Company's named executive officers whose average compensation amounts are included in this figure are Mr. Jaw, Dr. Malik, Mr. Callos and Mr. Wong. For 2022, the Company's named executive officers whose average compensation amounts are included in this figure are Mr. Jaw, Dr. Malik, Mr. Callos, David W. Cragg (former Chief Administration Officer), Mark A. Schlossberg (former General Counsel and Secretary) and Mr. Wong. For 2021, the Company's named executive officers whose average compensation amounts are included in this figure are Mr. Jaw, Dr. Malik, Mr. Callos and Mr. Schlossberg. For 2020, the Company's named executive officers whose average compensation amounts are included in this figure are Mr. Jaw, Dr. Malik, Mr. Cragg and Mr. Schlossberg.
4. The amounts do not reflect the actual average amount of compensation earned by or paid to the Company's named executive officers as a group during the applicable year. In accordance with the requirements of Item 402(v)(2)(iii) of Regulation S-K, the following adjustments were made to average total compensation for the Company's named executive officers as a group (excluding the Company's PEO, Mr. Blum) for each year to determine the average CAP, using the same methodology described above in footnote 2 above to the *Pay versus Performance Table*:

5. Cumulative TSR is calculated by dividing the sum of the cumulative amount of dividends (if any) for the measurement period, assuming dividend reinvestment, and the difference between the Company's share price at the end and the beginning of the measurement period by the Company's share price at the beginning of the measurement period. "Measurement period" is defined as: for 2020, the one-year period from market close December 31, 2019 through December 31, 2020; for 2021, the two-year period from market close on December 31, 2019 through December 31, 2021; for 2022, the three-year period from market close December 31, 2019 through December 31, 2022, and for 2023, the four-year period from market close December 31, 2019 through December 31, 2023.
6. Represents the weighted cumulative TSR or the Nasdaq Biotechnology Index for each measurement period.
7. We do not have a Company Selected Financial Measure as described in Item 402(v)(2)(vi) of Regulation S-K to link CAP to our performance.

Financial Performance Measures

As described in greater detail in the "Compensation Discussion and Analysis" section of this Proxy Statement, the Company's executive compensation program is based on a pay-for-performance philosophy to support the long-term growth of, and the strategic direction for, the Company. The metrics that the Company uses for both our annual cash incentive under our NEIP and long-term incentive plans are selected based on the objective of creating a strong nexus between executive officer and stockholder financial interests through sustaining positive performance over a multi-year period by way of attainment of our corporate and individual goals. As none of our drug candidates are approved and revenue generating through commercial sales, we do not have a financial performance measure to link CAP to our performance.

Description of the Relationship between Pay and Performance

We are a late stage research and development biotechnology company and have yet to realize any revenues from the commercial sale of our drug candidates. Accordingly, the corporate and individual goals that drive compensation to our named executive officers are non-financial goals such as regulatory milestones, including obtaining regulatory approval for our drug candidates and filing investigational new drug applications, research and development goals such as conducting and completing clinical trials, and designing and implementing our patient-centricity and diversity, equity and inclusion programs.

The *Pay versus Performance Table* above demonstrates:

- From 2020 to 2021, CAP to our PEO increased by approximately 81% and average CAP to our other named executive officers (excluding our PEO) similarly increased by approximately 97%. TSR increased from \$196 to \$430 (representing an increase of 119%), and net losses increased by approximately 69%.
- In 2022, CAP to our PEO was approximately \$8.7 million, which represents an approximate 56% decrease as compared to his CAP in 2021. TSR increased from \$430 to \$432 (<1%) and net losses increased approximately 81%. The average CAP to our other named executive officers (excluding our PEO) similarly decreased from approximately \$6.5 million to approximately \$1.3 million, reflecting an approximate 80% decrease.
- In 2023, CAP to our PEO was approximately \$20.7 million, which represents an approximate 138% increase as compared to his CAP in 2022. TSR increased from \$432 to \$787 (representing an increase of approximately 82%) and net losses increased by approximately 34%. The average CAP to our other named executive officers (excluding our PEO) similarly increased from approximately \$1.3 million to approximately \$6.4 million, reflecting an approximate 387% increase year-over-year.
- The Company has seen sustained growth in TSR from 2020 through 2023 with a cumulative growth rate of approximately 302%, while the peer group (the Nasdaq Biotechnology Index) experienced an approximate 9% decrease over the 4-year period. From 2020 through 2022, the Company's TSR experienced an increase of approximately 120% while the peer group experienced a decrease of approximately 12% over the 3-year period. From 2020 through 2021, the Company's TSR experienced an increase of approximately 120%, while the peer group experienced approximately unchanged over the 2-year period.

For additional context along with a review of our performance metrics, our process for setting executive compensation, and how our executive compensation design reinforces our compensation philosophy, please see the "Compensation Discussion and Analysis" section of this Proxy Statement.

The weighted-average exercise price for the options granted pursuant to this provision, which are the only equity awards that have an exercise price, is \$37.12.

Director Compensation

Our non-employee director compensation program is designed to enhance our ability to attract and retain highly qualified directors and to align their interests with the long-term interests of our stockholders. The program consists of both a cash component, designed to compensate independent directors for their service on the Board of Directors and its committees, and an equity component, designed to align the interests of independent directors and stockholders in amounts that correlate to their responsibilities and levels of participation, including service on committees. Non-employee directors are also able to elect to receive their annual base retainers in equity, as further described below. We do not compensate members of the Board of Directors or committees on a per-meeting basis.

In 2022, Aon conducted a competitive review of our non-employee director compensation to ensure that our compensation practices and levels are appropriate and competitive. This analysis used the same group of Peer Companies that is used to evaluate executive compensation described above under “Compensation Discussion and Analysis.” Following this process and on the recommendation of Aon, the Compensation and Talent Committee revised the compensation mix and levels to reflect market median levels.

Annual Retainers

From January 1, 2023 to May 31, 2023, our non-employee directors received an annual base retainer for service on the Board of Directors and additional annual committee retainers for each committee on which they served in the amounts set forth below. The cash retainers were paid in equal quarterly installment payments.

Base Retainer	Board of Directors Chair	\$80,000
	Other directors	\$45,000
Committee Chair Retainer	Audit Committee	\$20,000
	Compliance Committee	\$15,000
	Compensation and Talent Committee	\$15,000
	Nominating and Governance Committee	\$10,000

Committee Member Retainer	Audit Committee	\$10,000
	Compliance Committee	\$ 7,500
	Compensation and Talent Committee	\$ 7,500
	Nominating and Governance Committee	\$ 5,000
	Science and Technology Committee	\$ 7,500

[TABLE OF CONTENTS](#)

In May 2023, the Compensation and Talent Committee approved a \$5,000 per year increase in the annual retainer for non-employee directors. Accordingly, as from June 1, 2023, our non-employee directors received annual base retainers and annual committee retainers in the amounts set forth below.

Base Retainer	Board of Directors Chair	\$85,000
	Other directors	\$50,000
Committee Chair Retainer	Audit Committee	\$20,000
	Compliance Committee	\$15,000
	Compensation and Talent Committee	\$15,000
	Nominating and Governance Committee	\$10,000
	Science and Technology Committee	\$25,000
Committee Member Retainer	Audit Committee	\$10,000
	Compliance Committee	\$ 7,500
	Compensation and Talent Committee	\$ 7,500
	Nominating and Governance Committee	\$ 5,000
	Science and Technology Committee	\$ 7,500

We also reimburse our non-employee directors for out-of-pocket expenses incurred in connection with service on our Board of Directors.

Election to Receive Retainers in Cash or Equity

Each non-employee director may make an annual election to receive his or her annual base retainer (but not committee retainers) either wholly in cash or to receive either 50% or 100% of that retainer in fully vested shares of Common Stock under the 2004 EIP of equal value ("Equity in Lieu of Cash Retainer Option"). Non-employee directors electing to receive 50% or 100% of their annual base retainer in fully vested Common Stock will receive such shares on the first business day of each calendar quarter for which the election is in effect.

Initial and Annual Equity Grants to Non-Employee Directors

Non-employee directors receive grants of stock options under the 2004 EIP. Non-employee directors receive an initial option grant of 35,000 shares on joining the Board of Directors. Prior to May 2021, continuing directors received an annual option grant of 20,000 shares, generally at the time of the annual meeting of stockholders. In May 2021, the Compensation and Talent Committee reduced this annual option grant to each continuing director to 10,000 shares and approved a new annual grant to each continuing director of 5,000 RSUs. Generally, an initial option grant to a director vests monthly over three years. The annual option grants to continuing directors vest monthly over one year, and the annual RSU grants to continuing directors are subject to 100% cliff vesting on the one-year anniversary of the RSU grant. Our Board of Directors continues to have discretion to grant options to new and continuing non-employee directors.

Prior to March 2024, a non-employee director that resigned from the Board of Directors had one year following resignation to exercise vested options, but such one-year period was subject to extension at the discretion of the Compensation and Talent Committee. In March 2024, our Board of Directors approved a modification of outstanding options held by our directors to provide that a non-employee director with less than five years of service on the Board of Directors that resigns has one year following resignation to exercise vested options. Non-employee directors with five years or more of service but less than ten years of service on the Board of Directors have two years following resignation to exercise vested options, and those non-employee directors with ten years or more of service have three years following resignation to exercise vested options. The terms of future option award grants will reflect the foregoing.

Director Compensation Table for 2023

Delinquent Section 16(a) Reports

On May 10, 2023, all 9 of our non-executive directors, Dr. Henderson, Ms. Parshall, Mr. Smith, Mr. Costa, Dr. Kaye, Ms. Bhanji, Ms. Wysenski, Dr. Wierenga and Dr. Harrington received an annual equity grant comprised of RSUs and stock options. Form 4s were filed late for these awards on May 18, 2023 due to an administrative error. Other than these late filings, to the Company's knowledge, based solely on our review of the copies of such forms furnished to us and written representations from these officers and directors, we believe that all Section 16(a) filing requirements were met during the year ended December 31, 2023.

Certain Business Relationships and Related Party Transactions

Review, Approval or Ratification of Transactions with Related Parties

Our policy is that any transaction with a related party that is required to be reported under applicable SEC rules, other than compensation-related matters and waivers of our Code of Ethics, must be reviewed and approved according to an established procedure. Such a transaction is reviewed and, if appropriate, approved or declined by the Audit Committee as required by the Audit Committee's charter. We have not adopted specific standards for approval of these transactions, but instead review each such transaction on a case-by-case basis. Our policy is to require that all such compensation-related matters be reviewed by the Compensation and Talent Committee and, if approved, submitted to the Board of Directors for review and approval. Any waiver of our Code of Ethics must be reviewed by the Nominating and Governance Committee and, if approved, must be reported as required under applicable SEC rules.

Indemnification of Directors and Officers

We provide indemnification for our directors and officers so that they will be free from undue concern about personal liability in connection with their service to us. Under our bylaws, we are required to indemnify our directors and officers to the extent not prohibited under Delaware or other applicable law. We have also entered into indemnification agreements with each of our directors and officers, which require us to indemnify our directors and officers to the fullest extent permitted by Delaware law.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for annual meeting materials with respect to two or more stockholders sharing the same address by delivering a single Notice or other annual meeting materials addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

A number of brokers with account holders who are our stockholders will be “householding” our proxy materials. A single Notice will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate Notice, please notify us or your broker. Direct your written request to Investor Relations, Cytokinetics, Incorporated, 350 Oyster Point Boulevard, South San Francisco, California 94080 or contact Investor Relations at 650-624-3060. Stockholders who currently receive multiple copies of the Notice at their addresses and would like to request “householding” of their communications should contact their brokers.

Other Matters

We know of no other matters to be submitted to the Annual Meeting. If any other matters properly come before the Annual Meeting, it is the intention of the persons named in the Proxy to vote the shares they represent as the Board of Directors may recommend.

APPENDIX A

CYTOKINETICS, INCORPORATED
2015 EMPLOYEE STOCK PURCHASE PLAN
ADOPTED BY THE BOARD OF DIRECTORS: FEBRUARY 3, 2015
APPROVED BY THE STOCKHOLDERS: MAY 20, 2015
APPROVED BY THE STOCKHOLDERS: MAY 13, 2020
AMENDED AND RESTATED AND APPROVED BY THE STOCKHOLDERS: [May 15, 2024]

1. PURPOSE AND EFFECTIVE DATE.

(a) The purpose of this Amended and Restated 2015 Employee Stock Purchase Plan (the “Plan”) is to provide a means by which Eligible Employees of Cytokinetics, Incorporated and certain designated Related Corporations may be given an opportunity to purchase shares of the Company’s Stock. The Plan is intended to permit the Company to grant a series of Purchase Rights to Eligible Employees under an Employee Stock Purchase Plan. The Company, by means of the Plan, seeks to retain the services of such Employees, to secure and retain the services of new employees and to provide incentives for such persons to exert maximum efforts for the success of the Company and its related corporations. Capitalized terms have the meaning ascribed to them in Section 14.

(b) The Plan became effective November 1, 2015 (the “**Effective Date**”). If approved by shareholders, the amendment to and restatement of the Plan will become effective on the date the stockholders vote to approve the Plan.

2. ADMINISTRATION.

(a) The Board will administer the Plan unless and until the Board delegates administration of the Plan to a Committee or Committees, as provided in Section 2(c).

(b) The Board will have the power, subject to, and within the limitations of, the express provisions of the Plan:

(i) To determine how and when Purchase Rights to purchase shares of Stock will be granted and the provisions of each Offering of such Purchase Rights (which need not be identical).

(ii) To designate from time to time which Related Corporations of the Company will be eligible to participate in the Plan.

(iii) To construe and interpret the Plan and Purchase Rights, and to establish, amend and revoke rules and regulations for its administration. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan, in a manner and to the extent it will deem necessary or expedient to make the Plan fully effective.

(iv) To settle all controversies regarding the Plan and Purchase Rights granted under it.

(v) To suspend or terminate the Plan at any time as provided in Section 12.

(vi) To amend the Plan at any time as provided in Section 12.

(vii) Generally, to exercise such powers and to perform such acts as it deems necessary or expedient to promote the best interests of the Company and its Related Corporations and to carry out the intent that the Plan be treated as an Employee Stock Purchase Plan.

(viii) To adopt such procedures and sub-plans as are necessary or appropriate to permit participation in the Plan by Employees who are foreign nationals or employed outside the United States.

(c) The Board may delegate some or all of the administration of the Plan to a Committee or Committees. If administration is delegated to a Committee, the Committee will have, in connection with the administration of the Plan, the powers theretofore possessed by the Board that have been delegated to the Committee, including the

power to delegate to a subcommittee any of the administrative powers the Committee is authorized to exercise (and references in this Plan to the Board will thereafter be to the Committee or subcommittee), subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. The Board may retain the authority to concurrently administer the Plan with the Committee and may, at any time, revert in the Board some or all of the powers previously delegated. Whether or not the Board has delegated administration of the Plan to a Committee, the Board will have the final power to determine all questions of policy and expediency that may arise in the administration of the Plan.

(d) All determinations, interpretations and constructions made by the Board in good faith will not be subject to review by any person and will be final, binding and conclusive on all persons.

3. SHARES OF STOCK SUBJECT TO THE PLAN.

(a) Subject to the provisions of Section 11(a) relating to Capitalization Adjustments, the shares of Stock that may be sold pursuant to Purchase Rights will not exceed in the aggregate 1,459,879 shares of Stock.

(b) If any Purchase Right granted under the Plan will terminate without having been exercised in full, the shares of Stock not purchased under such Purchase Right will again become available for issuance under the Plan.

(c) The stock purchasable under the Plan will be shares of authorized but unissued or reacquired Stock, including shares repurchased by the Company on the open market.

4. GRANT OF PURCHASE RIGHTS; OFFERING.

(a) The Board may from time to time grant or provide for the grant of Purchase Rights to purchase shares of Stock under the Plan to Eligible Employees in an Offering (consisting of one or more Purchase Periods) on an Offering Date or Offering Dates selected by the Board. Each Offering will be in such form and will contain such terms and conditions as the Board will deem appropriate, which will comply with the requirement of Section 423(b) (5) of the Code that all Employees granted Purchase Rights will have the same rights and privileges. The terms and conditions of an Offering will be incorporated by reference into the Plan and treated as part of the Plan. The provisions of separate Offerings need not be identical, but each Offering will include (through incorporation of the provisions of this Plan by reference in the document comprising the Offering or otherwise) the period during which the Offering will be effective, which period will not exceed 27 months beginning with the Offering Date, and the substance of the provisions contained in Sections 5 through 8, inclusive.

(b) If a Participant has more than one Purchase Right outstanding under the Plan, unless they otherwise indicate in agreements or notices delivered hereunder: (i) each agreement or notice delivered by that Participant will be deemed to apply to all of his or her Purchase Rights under the Plan, and (ii) a Purchase Right with a lower exercise price (or an earlier-granted Purchase Right, if different Purchase Rights have identical exercise prices) will be exercised to the fullest possible extent before a Purchase Right with a higher exercise price (or a later-granted Purchase Right if different Purchase Rights have identical exercise prices) will be exercised.

(c) The Board will have the discretion to structure an Offering so that if the Fair Market Value of the shares of Stock on the first Trading Day of a new Purchase Period within that Offering is less than or equal to the Fair Market Value of the shares of Stock on the Offering Date, then (i) that Offering will terminate immediately, and (ii) the Participants in such terminated Offering will be automatically enrolled in a new Offering beginning on the first Trading Day of such new Purchase Period.

5. ELIGIBILITY.

(a) Purchase Rights may be granted only to Employees of the Company or, as the Board may designate as provided in Section 2(b), to Employees of a Related Corporation. Except as provided in Section 5(b), an Employee will not be eligible to be granted Purchase Rights under the Plan unless, on the Offering Date, such Employee has been in the employ of the Company or the Related Corporation, as the case may be, for such continuous period preceding such Offering Date as the Board may require, but in no event will the required period

of continuous employment be greater than two years. In addition, the Board may provide that no Employee will be eligible to be granted Purchase Rights under the Plan unless, on the Offering Date, such Employee's customary employment with the Company or the Related Corporation is more than 20 hours per week and more than five months per calendar year or such other criteria as the Board may determine consistent with Section 423 of the Code.

(b) The Board may provide that each person who, during the course of an Offering, first becomes an Eligible Employee will, on a date or dates specified in the Offering which coincides with the day on which such person becomes an Eligible Employee or which occurs thereafter, receive a Purchase Right under that Offering, which Purchase Right will thereafter be deemed to be a part of that Offering. Such Purchase Right will have the same characteristics as any Purchase Rights originally granted under that Offering, as described herein, except that:

(i) the date on which such Purchase Right is granted will be the "Offering Date" of such Purchase Right for all purposes, including determination of the exercise price of such Purchase Right;

(ii) the period of the Offering with respect to such Purchase Right will begin on its Offering Date and end coincident with the end of such Offering; and

(iii) the Board may provide that if such person first becomes an Eligible Employee within a specified period of time before the end of the Offering, such person will not receive any Purchase Right under that Offering.

(c) No Employee will be eligible for the grant of any Purchase Rights under the Plan if, immediately after any such Purchase Rights are granted, such Employee owns stock possessing five percent or more of the total combined voting power or value of all classes of stock of the Company or of any Related Corporation. For purposes of this Section 5(c), the rules of Section 424(d) of the Code will apply in determining the stock ownership of any Employee, and stock which such Employee may purchase under all outstanding Purchase Rights and options will be treated as stock owned by such Employee.

(d) As specified by Section 423(b)(8) of the Code, an Eligible Employee may be granted Purchase Rights under the Plan only if such Purchase Rights, together with any other rights granted under all Employee Stock Purchase Plans of the Company and any Related Corporations, do not permit such Eligible Employee's rights to purchase stock of the Company or any Related Corporation to accrue at a rate which exceeds \$25,000 of Fair Market Value of such stock (determined at the time such rights are granted, and which, with respect to the Plan, will be determined as of their respective Offering Dates) for each calendar year in which such rights are outstanding at any time.

(e) Officers of the Company and any designated Related Corporation who are otherwise Eligible Employees, will be eligible to participate in Offerings under the Plan. Notwithstanding the foregoing, the Board may provide in an Offering that Employees who are highly compensated Employees within the meaning of Section 423(b)(4)(D) of the Code will not be eligible to participate.

6. PURCHASE RIGHTS; PURCHASE PRICE.

(a) On each Offering Date, each Eligible Employee, pursuant to an Offering made under the Plan, will be granted a Purchase Right to purchase up to that number of shares of Stock purchasable either with a percentage or with a maximum dollar amount, as designated by the Board, but in either case not exceeding 15% of such Employee's earnings (as defined by the Board in each Offering) during the period that begins on the Offering Date (or such later date as the Board determines for a particular Offering) and ends on the date stated in the Offering, which date will be no later than the end of the Offering.

(b) The Board will establish one or more Purchase Dates during an Offering as of which Purchase Rights granted pursuant to that Offering will be exercised and purchases of shares of Stock will be carried out in accordance with such Offering.

(c) In connection with each Offering made under the Plan, the Board may specify a maximum number of shares of Stock that may be purchased by any Participant on any Purchase Date during such Offering. In connection with each Offering made under the Plan, the Board may specify a maximum aggregate number of

shares of Stock that may be purchased by all Participants pursuant to such Offering. In addition, in connection with each Offering that contains more than one Purchase Date, the Board may specify a maximum aggregate number of shares of Stock that may be purchased by all Participants on any Purchase Date under the Offering. If the aggregate purchase of shares of Stock issuable upon exercise of Purchase Rights granted under the Offering would exceed any such maximum aggregate number, then, in the absence of any Board action otherwise, a pro rata allocation of the shares of Stock available will be made in as nearly a uniform manner as will be practicable and equitable.

(d) The purchase price of shares of Stock acquired pursuant to Purchase Rights will be not less than the lesser of: (i) an amount equal to 85% of the Fair Market Value of the shares of Stock on the Offering Date; or (ii) an amount equal to 85% of the Fair Market Value of the shares of Stock on the applicable Purchase Date.

7. PARTICIPATION; WITHDRAWAL; TERMINATION.

(a) A Participant may elect to authorize payroll deductions pursuant to an Offering under the Plan by completing and delivering to the Company, within the time specified in the Offering, an enrollment form (in such form as the Company may provide). Each such enrollment form will authorize an amount of Contributions expressed as a percentage of the submitting Participant's earnings (as defined in each Offering) during the Offering (not to exceed the maximum percentage specified by the Board). Each Participant's Contributions will be credited to a bookkeeping account for such Participant under the Plan and will be deposited with the general funds of the Company except where applicable law requires that Contributions be deposited with a third party. To the extent provided in the Offering, a Participant may begin such Contributions after the beginning of the Offering. To the extent provided in the Offering, a Participant may thereafter reduce (including to zero) or increase his or her Contributions. To the extent specifically provided in the Offering, in addition to making Contributions by payroll deductions, a Participant may make Contributions through the payment by cash or check prior to each Purchase Date of the Offering.

(b) During an Offering, a Participant may cease making Contributions and withdraw from the Offering by delivering to the Company a notice of withdrawal in such form as the Company may provide. Such withdrawal may be elected at any time prior to the end of the Offering, except as provided otherwise in the Offering. Upon such withdrawal from the Offering by a Participant, the Company will distribute to such Participant all of his or her accumulated Contributions (reduced to the extent, if any, such Contributions have been used to acquire shares of Stock for the Participant) under the Offering, and such Participant's Purchase Right in that Offering will thereupon terminate. A Participant's withdrawal from an Offering will have no effect upon such Participant's eligibility to participate in any other Offerings under the Plan, but such Participant will be required to deliver a new enrollment form in order to participate in subsequent Offerings.

(c) Purchase Rights granted pursuant to any Offering under the Plan will terminate immediately upon a Participant ceasing to be an Employee for any reason or for no reason (subject to any post-employment participation period required by law) or other lack of eligibility. The Company will distribute to such terminated or otherwise ineligible Employee all of his or her accumulated Contributions (reduced to the extent, if any, such Contributions have been used to acquire shares of Stock for the terminated or otherwise ineligible Employee) under the Offering.

(d) Purchase Rights will not be transferable by a Participant except by will, the laws of descent and distribution, or by a beneficiary designation as provided in Section 10. During a Participant's lifetime, Purchase Rights will be exercisable only by such Participant.

(e) Unless otherwise specified in an Offering, the Company will have no obligation to pay interest on Contributions.

8. EXERCISE OF PURCHASE RIGHTS.

(a) On each Purchase Date during an Offering, each Participant's accumulated Contributions will be applied to the purchase of shares of Stock up to the maximum number of shares of Stock permitted pursuant to the terms of the Plan and the applicable Offering, at the purchase price specified in the Offering. No fractional shares will be issued upon the exercise of Purchase Rights unless specifically provided for in the Offering.

(b) If any amount of accumulated Contributions remains in a Participant's account after the purchase of shares of Stock and such remaining amount is less than the amount required to purchase one share of Stock on the final Purchase Date of an Offering, then such remaining amount will be held in such Participant's account for the purchase of shares of Stock under the next Offering under the Plan, unless such Participant withdraws from such next Offering, as provided in Section 7(b), or is not eligible to participate in such Offering, as provided in Section 5, in which case such amount will be distributed to such Participant after the final Purchase Date, without interest. If the amount of Contributions remaining in a Participant's account after the purchase of shares of Stock is at least equal to the amount required to purchase one whole share of Stock on the final Purchase Date of the Offering, then such remaining amount will be distributed in full to such Participant at the end of the Offering without interest.

(c) No Purchase Rights may be exercised to any extent unless the shares of Stock to be issued upon such exercise under the Plan are covered by an effective registration statement pursuant to the Securities Act and the Plan is in material compliance with all applicable federal, state, foreign and other securities and other laws applicable to the Plan. If on a Purchase Date during any Offering hereunder the shares of Stock are not so registered or the Plan is not in such compliance, no Purchase Rights or any Offering will be exercised on such Purchase Date, and the Purchase Date will be delayed until the shares of Stock are subject to such an effective registration statement and the Plan is in such compliance, except that the Purchase Date will not be delayed more than 12 months and the Purchase Date will in no event be more than 27 months from the Offering Date. If, on the Purchase Date under any Offering hereunder, as delayed to the maximum extent permissible, the shares of Stock are not registered and the Plan is not in such compliance, no Purchase Rights or any Offering will be exercised and all Contributions accumulated during the Offering (reduced to the extent, if any, such Contributions have been used to acquire shares of Stock) will be distributed to the Participants without interest.

9. COVENANTS OF THE COMPANY.

The Company will seek to obtain from each federal, state, foreign or other regulatory commission or agency having jurisdiction over the Plan such authority as may be required to issue and sell shares of Stock upon exercise of the Purchase Rights. If, after commercially reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority that counsel for the Company deems necessary for the lawful issuance and sale of Stock under the Plan, the Company will be relieved from any liability for failure to issue and sell Stock upon exercise of such Purchase Rights unless and until such authority is obtained.

10. DESIGNATION OF BENEFICIARY.

(a) A Participant may file a written designation of a beneficiary who is to receive any shares of Stock and/or cash, if any, from the Participant's account under the Plan in the event of such Participant's death subsequent to the end of an Offering but prior to delivery to the Participant of such shares of Stock or cash. In addition, a Participant may file a written designation of a beneficiary who is to receive any cash from the Participant's account under the Plan in the event of such Participant's death during an Offering. Any such designation will be on a form provided by or otherwise acceptable to the Company.

(b) The Participant may change such designation of beneficiary at any time by written notice to the Company. In the event of the death of a Participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such Participant's death, the Company will deliver such shares of Stock and/or cash to the executor or administrator of the estate of the Participant, or if no such executor or administrator has

been appointed (to the knowledge of the Company), the Company, in its sole discretion, may deliver such shares of Stock and/or cash to the spouse or to any one or more dependents or relatives of the Participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

11. ADJUSTMENTS UPON CHANGES IN STOCK; CORPORATE TRANSACTIONS.

(a) In the event of a Capitalization Adjustment, the Board will appropriately and proportionately adjust: (i) the class(es) and maximum number of securities subject to the Plan pursuant to Section 3(a), (ii) the class(es) and maximum number of securities by which the share reserve is to increase automatically each year pursuant to Section 3(a), (iii) the class(es) and number of securities subject to, and the purchase price applicable to outstanding Offerings and Purchase Rights, and (iv) the class(es) and number of securities imposed by purchase limits under each ongoing Offering. The Board will make such adjustments, and its determination will be final, binding and conclusive.

(b) In the event of a Corporate Transaction, then: (i) any surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company) may assume or continue Purchase Rights outstanding under the Plan or may substitute similar rights (including a right to acquire the same consideration paid to the stockholders in the Corporate Transaction) for those outstanding under the Plan, or (ii) if any surviving or acquiring corporation (or its parent company) does not assume or continue such Purchase Rights or does not substitute similar rights for Purchase Rights outstanding under the Plan, then the Participants' accumulated Contributions will be used to purchase shares of Stock within ten (10) business days prior to the Corporate Transaction under any ongoing Offerings, and the Participants' Purchase Rights under the ongoing Offerings will terminate immediately after such purchase.

12. AMENDMENT, TERMINATION OR SUSPENSION OF THE PLAN.

(a) The Board may amend the Plan at any time in any respect the Board deems necessary or advisable. However, except as provided in Section 11(a) relating to Capitalization Adjustments, stockholder approval will be required for any amendment of the Plan for which stockholder approval is required by applicable law or listing requirements, including any amendment that either (i) materially increases the number of shares of Stock available for issuance under the Plan, (ii) materially expands the class of individuals eligible to become Participants and receive Purchase Rights under the Plan, (iii) materially increases the benefits accruing to Participants under the Plan or materially reduces the price at which shares of Stock may be purchased under the Plan, (iv) materially extends the term of the Plan, or (v) expands the types of awards available for issuance under the Plan, but in each of (i) through (v) above only to the extent stockholder approval is required by applicable law or listing requirements.

(b) The Board may suspend or terminate the Plan at any time. No Purchase Rights may be granted under the Plan while the Plan is suspended or after it is terminated.

(c) Any benefits, privileges, entitlements and obligations under any outstanding Purchase Rights granted before an amendment, suspension or termination of the Plan will not be impaired by any such amendment, suspension or termination except (i) with the consent of the person to whom such Purchase Rights were granted, (ii) as necessary to comply with any laws, listing requirements, or governmental regulations (including, without limitation, the provisions of Section 423 of the Code and the regulations and other interpretive guidance issued thereunder relating to Employee Stock Purchase Plans) including without limitation any such regulations or other guidance that may be issued or amended after the Effective Date, or (iii) as necessary to obtain or maintain favorable tax, listing, or regulatory treatment.

13. MISCELLANEOUS PROVISIONS.

(a) Proceeds from the sale of shares of Stock pursuant to Purchase Rights will constitute general funds of the Company.

(b) A Participant will not be deemed to be the holder of, or to have any of the rights of a holder with respect to, shares of Stock subject to Purchase Rights unless and until the Participant's shares of Stock acquired upon exercise of Purchase Rights are recorded in the books of the Company (or its transfer agent).

(c) The Plan and Offering do not constitute an employment contract. Nothing in the Plan or in the Offering will in any way alter the at will nature of a Participant's employment or be deemed to create in any way whatsoever any obligation on the part of any Participant to continue in the employ of the Company or a Related Corporation, or on the part of the Company or a Related Corporation to continue the employment of a Participant.

(d) The provisions of the Plan will be governed by the laws of the State of Delaware without resort to that state's conflicts of laws rules.

The following definitions will apply to the capitalized terms used in the Plan:

(a) **"Board"** means the Board of Directors of the Company.

(g) **"Corporate Transaction"** means the occurrence, in a single transaction or in a series of related transactions, of any one or more of the following events:
